MINISTERS FIX SPECIAL DATES; REMIND TOWN OF 'PRAYER MINUTE'

Arrangements for the Thanksgiving Day service and the annual Week of Prayer services here were made by the Gettysburg Ministerium at its regular fall meeting held in the Presbyterian church Wednesday afternoon. The ministers also elected officers.

The Thanksgiving service will be held in the United Brethren church on Thursday, November 26, at 9 a. m. The sermon for the exercises, which are conducted annually by the Gettysburg churches, will be delivered by the Rev. Ralph R. Gresh, St. James Lutheran pastor. The offering will be donated to the Civic Nursing association.

Officers Chosen

As planned by the ministers, the Week of Prayer services will be held during the first week in 1943.

The Rev. Dwight F. Putman, pastor of Christ Lutheran church, was elected president of the Ministerium and the Rev. Howard S. Fox, Trinity Evangelical and Reformed pastor, was chosen secretary-treasurer.

Following the meeting, the Rev. Mr. Putman said:

"The ministers of the churches direct the attention of the people of the community to the daily minute prayer. The Federal Council of Churches of Christ in America are sponsoring one minute of common prayer at 6 p. m. when the hearts and minds of people everywhere may be united in meditation and petition.

"The chimes of the churches and the 6 o'clock bells will constitute the audible call, while all who are in their homes at that hour may be further guided by the minute of meditation as broadcast over station WOR.

Purpose of Prayer

"Let this 'prayer minute' be, first, a summons to individual and corporate repentance for having shared in those open and subtle sins of selfishness and godlessness which breed wars; second, a challenge to search more earnestly for the will and purpose of God in the affairs of men; third, an invitation to petition for the divine guidance of all those in authority who sincerely seek after a greater righteousness and a better justice for all humanity; fourth, a call to prayer on behalf of all men, women and children, everywhere, both those in the armed forces and civilians, whose lives are caught in the tragic consequences of war and who must experience the agony of body, mind or spirit; fifth, a summons to united prayer for peace and good will among men and for the establishment of those conditions of life within and among the nations which shall constitute the basis of a 'just and durable peace' for all peoples."

Teacher Elected For Wolford's School

Mrs. Cleo C. Neely, York Springs, was elected as the new teacher at Wolford's school at a meeting of the Latimore township school board on Wednesday evening filling the vacancy caused by the resignation of Mrs. Ruth A. Deatrick, East Berlin R. 2.

Mrs. Deatrick goes to Hartman's school in Hamilton township which was resumed by Mrs. Anna M. Alkoff who went to a Liberty township school near her home.

These exchanges of teachers are others in a series of similar shifts which place a number of rural teachers at schools much nearer their homes than those where they taught previously, thus reducing gas and rubber consumption for traveling to and from school.

3 INJURED AT TWO TAVERNS

Three persons were injured, none seriously, when two cars collided on the Gettysburg-Littlestown highway in front of Yost's store a mile south of Two Taverns at 6:15 o'clock this morning. Both cars were damaged beyond repair with the total loss being estimated at about \$350.

The collision occurred as Leslie Kennel, Gettysburg R. D., enroute to Littlestown where he is employed at a shoe factory, stopped to pick up a passenger in front of the store building. The rear of his machine was struck by a car operated by Glenn I. Sherman, 22, 1 Hanover street.

Sherman, who was enroute to the Glenn Martin plant at Baltimore where he had been ordered to report for work, suffered abrasions of one arm and was burned about one hand when he attempted to smother flames that appeared in the motor of his car after the crash. The Mt. Joy community fire company used extinguishers to put out the flames.

Mrs. Doris Sherman, 18, wife of the operator, suffered concussion and a cut over her left eye. Their six-week-old son, Glenn, Jr., also a passenger in the car, was uninjured.

Only occupant of the other car to be injured was Irvin Straley, 19, Littlestown R. 2, the passenger for whom Kennel had stopped. Straley received multiple lacerations about the face and a sprained back. All of the injured were brought to the Warner hospital in the Littlestown ambulance. Mr. Leiberknight was on the stand for more than an hour this morning. He gave his version of the accident and was cross-examined at length by Franklin P. Bigman, Esq., attorney for Mr. Zerling. The plaintiff had his skull fractured, a shoulder, a leg and 12 ribs broken and one ear drum punctured when he was hit by the Zerling delivery truck.

Testimony showed, however, that Mr. Leiberknight now is in "excellent health and able to walk as much as 20 miles a day. He was a hospital patient for 76 days after the accident, but slowly regained his ability to walk. His hearing also is normal again, Dr. W. S. W. M. Passenger Service Ends

Harrisburg, Nov. 19 (AP)—The Public Utility Commission today approved abandonment of passenger service by the Western Maryland railroad on the line over which President Lincoln rode to Gettysburg to make his famous speech dedicating the Gettysburg National cemetery seventy-nine years ago today.

The commission entered an order, effective within 11 days, approving discontinuance of two passenger trains between Gettysburg and the Maryland-Pennsylvania state line near Hoke's, York county.

Noting approval already had been granted by Maryland to discontinue passenger train operation in that state, the PUC said its action was in line with the President's request to abandon lightly patronized trains.

The order applied to trains No. 41 and 45 which operate 31 miles in Pennsylvania. The line links Gettysburg and Baltimore with one trip each day in each direction.

The PUC said all points on the line were being served by bus companies or other railroads.

"Isolation"

German Leaders Dropping Hitler To Woo Allies

By ROBERT BUNELLE

London, Nov. 19 (AP)—A responsible foreign diplomatic source who cannot be further identified said today that an important junta of aristocratic German military leaders, convinced that Hitler cannot win the war has begun to "isolate the Fuehrer in order to establish themselves favorably with the Allies in the event of a stalemate, peace or defeat."

The foreign diplomatic source, who said he believed his information is reliable, declared leaders of the junta included Field Marshal General Walther Von Brauchitsch, who was dismissed as Army commander-in-chief last winter after counseling against Hitler's winter campaign against Moscow; Field Marshal Fedor Von Bock, who was ousted in the midst of the drive against Stalingrad this fall, and their followers. Both these generals are reported to have disagreed with Hitler's strategy.

Advices from usually reliable quarters inside Germany and occupied countries, the informant said, indicated that two prime factors were behind the formation of the

BANKERS ELECT LLOYD W. KUHN NEW PRESIDENT

Lloyd W. Kuhn, cashier of the Bendersville National bank and president of the Adams County

Bankers' association in 1934, was re-elected to the latter office Wednesday evening at the Hotel Gettysburg during the annual meeting of the county bankers' association. He succeeds J. Monroe Danner, assistant cashier of the Peoples' State bank of East Berlin, who served as toastmaster Wednesday evening.

These other officers were chosen at the business meeting which preceded the dinner session: Vice president, Bruce W. Taylor, assistant cashier of the Biglerville National bank; secretary, Dale Crum of the Bendersville bank, and treasurer, Theron W. Spangler, assistant cashier and trust officer at the Littlestown National bank, re-elected.

Members of Council

The following were named to positions on the association's council of administration: Edmund W. Thomas, president of the First National bank of Gettysburg; William M. Weidner, York Springs; J. Preston Smith, McSherrytown; Robert B. Martin, Fairfield; W. A. Raffensperger, Ardenville; and Wilbur A. Bankert, treasurer of the Littlestown State bank.

Dr. Charles C. Ellis, president of Juniata college at Huntingdon, Pa., was the principal speaker. His theme was "Efficient Personality." Opening his address with the observation that "in every crisis, there is a time when we ought to take stock of our ideals," the college president declared that the significant thing about American life is "not efficiency but personality—not personal efficiency but efficient personality."

Essential prerequisites of an "efficient personality" are physical vitality, mental alertness and moral integrity and earnestness, he explained. "An efficient personality deals with things as tools for men and women; deals with people in the right way and looks upward in an essential relationship with God," he concluded.

Quartet Entertains

The bankers, their wives and other guests numbering 116 were entertained at several times during the evening by special popular, classic and patriotic songs by the Capital City quartet from Harrisburg.

President Danner introduced the new officers and members of the council of administration. The invocation was given by the Rev. Charles O. Garner.

A roast turkey dinner was served.

Allies Put 4-Way Squeeze On Axis In North Africa

Fighting French Drive Toward 'Back Door' Of Tripolitania

By The Associated Press

Across 1,000 miles of desert, fighting French columns from Lake Chad were reported driving toward the "back door" of Italian Tripolitania today as part of a four-way squeeze on Axis forces in North Africa while American and British troops struck deeper into Tunisia.

Lake Chad is in the heart of French equatorial Africa, about 1,200 miles south of the Mediterranean.

Other Allied forces were converging against the last Axis strongholds on the dark continent as follows:

1. A powerful British-American expeditionary force estimated at 150,000 troops was thrusting into northern Tunisia along the Mediterranean coast from Algeria.
2. A second column was reported to have entered southern Tunisia from Algeria in a move to cut across the Axis-held French protectorate and cut the road to Tripolitania.
3. Coupled with these drives from the west, the British 8th Army from Egypt was rapidly pursuing Nazi Field Marshal Erwin Rommel's broken Africa corps across Libya toward Tripolitania.

British Imperial headquarters reported today that vanguard troops of the 8th Army were in contact yesterday with the retreating Axis south of Bengasi, after an advance of more than 70 miles in 24 hours.

GERMANS ADMIT NEW RED DRIVE IN CAUCASUS

New York, Nov. 19 (AP)—The German high command declared today that the resurgent Red Army has gone from defensive warfare to violent new attacks in the Caucasus, along the Don, south of Leningrad and on the Rybachin peninsula at the northernmost end of the Russian-Finnish frontier.

The Berlin radio broadcast of the communique from Adolf Hitler's headquarters claimed that the attacks had been repulsed, but suggested that they might be the prelude for a new winter comeback drive by the Soviet Army.

Claim Only 1 Advance

The only advantage the Germans claimed was in the Tuapse sector along the Black sea coast of the Caucasus, where the communique said a Russian force had been cut off and annihilated, and in the air war, in which heavy losses were said to have been inflicted upon the Russians by German and Rumanian fighters and bombers.

"Violent new attacks by the Russians east of Agadir (in the central Caucasus) were bloodily repulsed," the communique said. It said German artillery and air attacks were directed against Russian troop concentrations in that area where the Nazi thrust toward the passes of the Caucasus has been turned back.

"In Stalingrad, shock troops are fighting," said the communique in its only reference to that long-contested salient on the Volga.

"On the Don front, Rumanian troops warded off several attacks in the course of which the Rumanian air force inflicted considerable losses on the enemy."

The Don battle was more than just a continuation of the months of maneuvering for position there, the communique said.

Vice Admiral Tells Guadalcanal Troops How To Win-Kill More Japs

(This is the first dispatch from J. Norman Lodge, Associated Press war correspondent, since he arrived in Guadalcanal. The veteran writer fought in the first World war and in this war has watched the action in Norway, London and on north Atlantic convoys.)

By J. NORMAN LODGE

Guadalcanal, Solomon Islands, Nov. 9 (Delayed) (AP)—"Kill Japs. Kill more Japs."

Vice Admiral William F. Halsey Jr. as he pinned medals of 13 fighting men on his visit to rain-soaked Guadalcanal today, said their actions had shown that the way to win the war in this area is to—

"Kill Japs. Kill Japs. Kill more Japs."

He had equal praise for all branches of the service declaring that "the Marines right here are beating the Japs on land, and it is ridiculous to say any one branch of any one service is going to win this war. It will be not any one branch of the Navy or Marine Corps or Army but the united service group."

The naval commander of the southwest Pacific termed the naval situation fine "from our point of view."

He said his recipe for victory on the sea was similar to his advice to

the troops on land—"sink ships, sink ships and sink more ships," adding that "maybe after all the carriers are gone, our battleships still will be there to beat them."

"Battleships," he said, "will have a decided role in this war before it ends, and I am an airman." He said he expected no change in carrier design as a result of recent battles in the Pacific.

Definitely First Front

The vice admiral was interviewed by five correspondents here. One of them asked: "Would you call this a second front?"

"This is definitely a first front," he responded.

Replying to questions about the work of the air force here Halsey said: "They're the most superb gang of men I ever dreamed of. I knew they were good, but they were so damned good it surprised even me. Of the Army, Navy and Marine Corps I think here on Guadalcanal the only comparison is in the nerve of the individual."

The vice admiral made his visit to the accompaniment of light shellings and the thunder of guns in the distance.

He described the men decorated today as "very courageous." As he distributed the Navy and Flying Crosses he told the group: "I've never been more proud in all my life."

Jury in Case

This jury was drawn in the case: Mrs. Stella Altland, Abbottstown; Roy Bittle, Littlestown R. D.; Way-bright Black, Aspers; Mrs. Gladys Brown, Fairfield; Larkin J. Bucher, Cumberland township; John Butler, Abbottstown R. 1; Mrs. Mildred Cole, Biglerville R. D.; Charles H. Eyster, Hanover R. 4; Mrs. Marie Hartzell, Fairfield; Mahlon P. Hartzell, East Lincoln avenue; Lester N. Hoover, Abbottstown, and Elmer C. Wagner, York Springs R. 1.

The only case remaining for trial at this session is that in which Richard A. and Laverne K. Lawrence are the plaintiffs and Edna E. Hartlaub is the defendant. The jury for that trial has been selected and all other jurors have been dismissed for the session.

The Rev. George C. Daugherty, Hanover, was awarded damages totaling \$2,015.25 and his wife, Bertha, was given \$500 damages in a verdict returned in court here Wednesday afternoon against Clarion Sowers, Hanover printer residing in Hamilton township, and Otis C. Livingston, a Hamilton township farmer.

The Daughertys had asked originally \$10,000 as a result of an auto accident which occurred nearly two years ago on the East Berlin-Abbottstown road in which the Hanover couple was injured.

W. M. Passenger
Service Ends

Harrisburg, Nov. 19 (AP)—The Public Utility Commission today approved abandonment of passenger service by the Western Maryland railroad on the line over which President Lincoln rode to Gettysburg to make his famous speech dedicating the Gettysburg National cemetery seventy-nine years ago today.

The commission entered an order, effective within 14 days, approving discontinuance of two passenger trains between Gettysburg and the Maryland-Pennsylvania state line near Hoke's, York county.

Noting approval already had been granted by Maryland to discontinue passenger train operation in that state, the PUC said its action was in line with the President's request to abandon lightly patronized trains.

The order applied to trains No. 44 and 45 which operate 31 miles in Pennsylvania. The line links Gettysburg and Baltimore with one trip each day in each direction.

The PUC said all points on the line were being served by bus companies or other railroads.

"Isolation"
German Leaders
Dropping Hitler
To Woo Allies

By ROBERT BUNNELLE
London, Nov. 19 (AP)—A responsible foreign diplomatic source who cannot be further identified said today that an important junta of aristocratic German military leaders, convinced that Hitler cannot win the war has begun to "isolate the Fuehrer in order to establish themselves favorably with the Allies in the event of a stalemate, peace or defeat."

The foreign diplomatic source, who said he believed his information is reliable, declared leaders of the junta included Field Marshal General Walther Von Brauchitsch, who was dismissed as Army commander-in-chief last winter after counseling against Hitler's winter campaign against Moscow; Field Marshal Fedor Von Bock, who was ousted in the midst of the drive against Stalingrad this fall, and their followers. Both these generals are reported to have disagreed with Hitler's strategy.

Advices from usually reliable quarters inside Germany and occupied countries, the informant said, indicated that two prime factors were behind the formation of the (Please Turn to Page 2)

BANKERS ELECT LLOYD W. KUHN NEW PRESIDENT

Lloyd W. Kuhn, cashier of the Bendersville National bank and president of the Adams County Bankers' association in 1934, was re-elected to the latter office Wednesday evening at the Hotel Gettysburg during the annual meeting of the county bankers' association. He succeeds J. Monroe Danner, assistant cashier of the Peoples' State bank of East Berlin, who served as toastmaster Wednesday evening.

These other officers were chosen at the business meeting which preceded the dinner session: Vice president, Bruce W. Taylor, assistant cashier of the Biglerville National bank; secretary, Dale Crum of the Bendersville bank and treasurer, Theron W. Spangler, assistant cashier and trust officer at the Littlestown National bank, re-elected.

Members of Council

The following were named to positions on the association's council of administration: Edmund W. Thomas, president of the First National bank of Gettysburg; William M. Weidner, York Springs; J. Preston Smith, McSherrystown; Robert B. Martin, Fairfield; W. A. Raffensperger, Arendtsville; and Wilbur A. Bankert, treasurer of the Littlestown State bank.

Dr. Charles C. Ellis, president of Juniata college at Huntingdon, Pa., was the principal speaker. His theme was "Efficient Personality." Opening his address with the observation that "in every crisis, there is a time when we ought to take stock of our ideals," the college president declared that the significant thing about American life is "not efficiency but personality—not personal efficiency but efficient personality."

Essential prerequisites of an "efficient personality" are physical vitality, mental alertness and moral integrity and earnestness, he explained. "An efficient personality deals with things as tools for men and women; deals with people in the right way and looks upward in an essential relationship with God," he concluded.

Quartet Entertains

The bankers, their wives and other guests numbering 116 were entertained at several times during the evening by special popular, classic and patriotic songs by the Capital City quartet from Harrisburg.

President Danner introduced the new officers and members of the council of administration. The invocation was given by the Rev. Charles O. Garner.

A roast turkey dinner was served.

Allies Put 4-Way
Squeeze On Axis
In North Africa
Fighting French Drive
Toward 'Back Door'
Of Tripolitania

By The Associated Press
Across 1,000 miles of desert, fighting French columns from Lake Chad were reported driving toward the "back door" of Italian Tripolitania today as part of a four-way squeeze on Axis forces in North Africa while American and British troops struck deeper into Tunisia.

Lake Chad is in the heart of French equatorial Africa, about 1,200 miles south of the Mediterranean.

Other Allied forces were converging against the last Axis strongholds on the dark continent as follows:

1. A powerful British-American expeditionary force estimated at 150,000 troops was thrusting into northern Tunisia along the Mediterranean coast from Algeria.
2. A second column was reported to have entered southern Tunisia from Algeria in a move to cut across the Axis-held French protectorate and cut the road to Tripolitania.
3. Coupled with these drives from the west, the British 8th Army from Egypt was rapidly pursuing Nazi Field Marshal Erwin Rommel's broken Africa corps across Libya toward Tripolitania.

British Imperial headquarters reported today that vanguard troops of the 8th Army were in contact yesterday with the retreating Axis south of Bengasi after an advance of more than 70 miles in 24 hours. Dispatches from Cairo said British (Please Turn to Page 2)

GERMANS ADMIT NEW RED DRIVE IN CAUCASUS

New York, Nov. 19 (AP)—The German high command declared today that the resurgent Red Army has gone from defensive warfare to violent new attacks in the Caucasus, along the Don, south of Leningrad and on the Rybach peninsula at the northernmost end of the Russian-Finnish frontier.

The Berlin radio broadcast of the communique from Adolf Hitler's headquarters claimed that the attacks had been repulsed, but suggested that they might be the prelude for a new winter comeback drive by the Soviet Army.

Claim Only 1 Advance

The only advantage the Germans claimed was in the Tuapse sector along the Black sea coast of the Caucasus, where the communique said a Russian force had been cut off and annihilated, and in the air war, in which heavy losses were said to have been inflicted upon the Russians by German and Rumanian fighters and bombers.

"Violent new attacks by the Russians east of Agadir (in the central Caucasus) were bloodily repulsed," the communique said. It said German artillery and air attacks were directed against Russian troop concentrations in that area where the Nazi thrust toward the passes of the Caucasus has been turned back.

"In Stalingrad, shock troops are fighting," said the communique in its only reference to that long-contested salient on the Volga.

"On the Don front, Rumanian troops warded off several attacks in the course of which the Rumanian air force inflicted considerable losses on the enemy."

"The Don battle was more than just a continuation of the months of maneuvering for position there, the (Please Turn to Page 2)

London, Nov. 19 (AP)—A Reuters dispatch from Ankara quoted diplomatic sources in the Turkish capital today as saying that Spanish Generalissimo Francisco Franco had refused to grant Germany naval and air bases.

Vice Admiral Tells Guadalcanal
Troops How To Win-Kill More Japs

(This is the first dispatch from J. Norman Lodge, Associated Press war correspondent, since he arrived in Guadalcanal. The veteran writer fought in the first World war and in this war has watched the action in Norway, London and on north Atlantic convoys.)

By J. NORMAN LODGE
Guadalcanal, Solomon Islands, Nov. 9 (Delayed) (AP)—"Kill Japs. Kill Japs. Kill more Japs."

Vice Admiral William F. Halsey, Jr., as he pinned medals of 13 fighting men on his visit to rain-soaked Guadalcanal today, said their actions had shown that the way to win the war in this area is to—

"Kill Japs. Kill Japs. Kill more Japs."

Praises All Branches

He had equal praise for all branches of the service declaring that "the Marines right here are beating the Japs on land, and it is ridiculous to say any one branch of any one service is going to win this war. It will be not any one branch of the Navy or Marine Corps or Army but the united service group."

The naval commander of the southwest Pacific termed the naval situation fine "from our point of view."

He said his recipe for victory on the sea was similar to his advice to the troops on land—"sink ships, sink ships and sink more ships," adding that "maybe after all the carriers are gone, our battleships still will be there to beat them."

"Battleships," he said, "will have a decided role in this war before it ends, and I am an airman." He said he expected no change in carrier design as a result of recent battles in the Pacific.

Definitely First Front

The vice admiral was interviewed by five correspondents here. One of them asked: "Would you call this a second front?"

"This is definitely a first front," he responded.

Replying to questions about the work of the air force here Halsey said: "They're the most superb gang of men I ever dreamed of. I knew they were good, but they were so damned good it surprised even me. Of the Army, Navy and Marine Corps fliers here on Guadalcanal the only comparison is in the nerve of the individual."

The vice admiral made his visit to the accompaniment of light shellings and the thunder of guns in the distance.

He described the men decorated today as "very courageous." As he distributed the Navy and Flying Crosses he told the group: "I've never been more proud in all my life."

ALLIES CLAMP 4-WAY SQUEEZE AGAINST AXIS

(Continued From Page 1)

ish troops had raced to a point 50 miles south of Bengasi—near the highwater mark of the first westward drive across Libya—and were slashing at Axis rearwards within 15 miles of the Gulf of Sirte.

This would place the British within 110 miles of the El Aghella bottleneck between Cirenaica and Italian Tripolitania.

The advance indicated that at least part of the British 8th Army had by-passed Bengasi and was now threatening the only avenue of escape for any holdout garrison. Rommel might have left there.

Bengasi is approximately 160 miles northeast of El Aghella, on the base of the Libyan hump, where Marshal Rommel is expected to attempt a last-ditch stand in the narrow corridor between boggy salt marshes and the sea.

Rommel Abandons Bengasi

The British communique did not state whether Gen. Sir Bernard L. Montgomery's triumphant Armies had captured or by-passed Bengasi, once a major port of supply for Rommel's Africa corps.

It seemed probable, however, that Rommel was abandoning the port in his headlong flight toward El Aghella.

"Forward troops of the Eighth Army yesterday were in touch with the enemy south of Bengasi," British headquarters announced.

"Enemy transport vehicles were also seemingly attacked by our (aerial) fighters on roads south of Bengasi."

On the western flank of the giant Allied "pincer," Lieut.-Gen. Dwight D. Eisenhower's headquarters reported that the first phase of the battle for strategic Tunisia, buffer state between Algeria and Tripolitania, had begun.

"Advance elements of the British First Army, together with British and American parachute troops and French forces operating with us, have entered Tunisia at several points," Gen. Eisenhower announced.

"Contacts have been made with enemy scouting parties."

Allied Paratroops Active

Without detail, dispatches said the Allied paratroops had occupied several strategic places.

American Flying Fortresses of Brig.-Gen. James H. Doolittle's command pounded the Axis-held naval base at Bizerte in a daylight raid, setting oil tanks ablaze, exploding ammunition dumps and wrecking grounded planes, while other Allied bombers attacked the Axis airdrome at Tunis.

Meanwhile, in the face of bad news everywhere in the north African theatre, Axis propagandists sought comfort in fantastic stories of Allied losses.

Thus the Nazi-controlled Vichy radio declared that 50 damaged British warships and merchantmen had arrived at Gibraltar and landed dead and wounded, while the Rome radio reported that a large U. S. transport crowded with troops "has just been sunk off Casablanca."

"Only a very small number of men were saved," the Rome broadcast said.

Both these claims had no confirmation.

Turin Is Bombed

Other major developments:

ITALY BOMBED—Britain's far-ranging bombers again flew 1,500 miles round-trip across the Alps last night to blast the Italian war foundries city of Turin, site of the royal arsenal.

The Italian high command listed 24 dead and 52 wounded and acknowledged "considerable damage."

FRANCE—Backed by German bayonets, France's pro-German Chief of Government Pierre Laval has been given powers of life and death over the French people as a result of the Vichy regime's latest capitulation to the Nazi conquerors.

RUSSIAN CAMPAIGN—Soviet dispatches reported that the Red armies had seized the initiative on both the northern and southern flanks of long-besieged Stalingrad and scored new gains in the Caucasus.

"Our troops launched active operations and captured several enemy fortifications in southern Stalingrad," the Russian command said.

On the northern flank, Soviet troops were reported to have broken into German trenches and killed 60 Nazis and captured others in hand-to-hand fighting.

Estimate Daily Nazi Losses

Red Army defenders also attacked in the bloody northside factory district of Stalingrad, a communique said, capturing several German strongpoints and killing 600 Nazis.

Soviet quarters estimated that the Axis lost 1,000 to 4,000 troops daily for three weeks in a supreme effort to capture Stalingrad by November 6.

A German broadcast admitted that Italian troops on the Russian front had already dug into winter quarters along the Don river, northwest of Stalingrad.

Jungle Fighters Advance

American bombers hunted through bad weather for a force of eight Japanese destroyers off the New Guinea coast near Buna, while U. S. Army and British troops closed within 25 miles of the enemy's main invasion base there.

Dispatches said the destroyers ap-

USO DIRECTOR THANKS COUNTY

After reading in The Gettysburg Times that the USO drive in Adams county has gone "over the top," M. D. DeTar, USO campaign manager now serving the OPA in Washington, D. C., sent The Times this message today:

"As nominal director of the USO campaign, I wish to express the gratitude of the community to those who contributed so liberally to the fund, to the boys in the Armed Forces whose letters gave us all a clearer picture of the work of the USO, and finally to those women of the committee whose willing efforts proved neither 'too little nor too late.'"

LARGE CROWD SEES H.S. PLAY

A crowd estimated at nearly 500 witnessed the first presentation of the timely three-act comedy, "The American Way," by an all-student cast in the Gettysburg high school auditorium on Wednesday evening. The play will be repeated at 8 o'clock Friday evening with eight changes in the cast.

An appreciative audience gave special praise to Cathlene Evely for her presentation of the key role of the "Grandmother" while Betty Rosensteel and Violet Rosensteel were commended specially for their portrayals of the German maid and the gossiping neighbor, respectively. Other members of the cast gave good support. Most of the eight substitutions in the cast for Friday are veterans of other high school productions.

The play is being given for the benefit of student council activities and is being directed by Miss Ruth McHenry and Miss Ruth Scott of the high school faculty. The school orchestra under the direction of Edwin S. Longenecker played Wednesday evening and will entertain again on Friday.

communique emphasized. "New fighting is going on there," it declared.

No Secret of Initiative

"Attacks repeatedly made by the enemy in the night on Rybach (Fisher) peninsula were repulsed," the communique said.

Of the Volkhov river front south of Leningrad it reported: "In heavy defensive fighting of the past days an Alpine division from Berchtesgaden, employed at Volkhov, particularly excelled."

Hitler's headquarters made no secret, however, that the Russians had the initiative, and were striking in force.

"In this sector," the communique said, "the enemy attacked, employing nine infantry battalions supported by tanks, strong artillery and battle planes, against a position defended by troops of various German regions."

"After four days of incessant, ferocious, man-to-man fighting in mixed trench positions, all enemy attacks collapsed . . ."

FBI ACTIVE

New York, Nov. 19 (AP)—FBI agents, working night and day to guard the country against sabotage and espionage, have taken into custody nearly 12,000 enemy aliens and seized vast supplies of contraband since Pearl Harbor, reports P. E. Foxworth, FBI chief here.

LAVAL ASSUMES FRENCH CONTROL FROM PETAIN

London, Nov. 19 (AP)—Backed by German bayonets, Pierre Laval held powers of life and death over the people of unhappy France today through the Vichy government's latest gesture toward the Nazi conquerors.

It was disclosed last night that Marshal Petain at a Tuesday cabinet meeting designated the little Germanophile his heir as chief of state and gave him full powers to write his own laws and decrees.

The Paris radio said Laval would transfer the government to Paris. The announcer quoted a statement by Marcel Deat, collaborationist publisher saying:

"Vichy has become a symbol of all that is rotten. The government must be stripped of the barely camouflaged de Gaulism which reigned in Vichy two years."

British political observers were quick to declare that extended powers for Laval—whose fortunes and very life are pinned to his often affirmed belief in an ultimate Axis triumph—were a "logical development." They said it showed definitely that the octogenarian Petain "is completely in the hands of the Germans and they put Laval in."

Two Resignations

First results in Vichy of Laval's advancement were the quickly accepted resignations of Vice Admiral G. A. J. P. Auphan as secretary of state for the navy, and Robert Gibrat, secretary of state for communications.

Admiral Jean Mario Abrial succeeded Admiral Auphan, who was a supporter of Darlan. Jean Biche-lonne combined Gibrat's duties with his present post of secretary of state for industrial production.

In another Vichy decree, reported by the Berlin radio, Pierre Cathala was appointed secretary of state for national economics while retaining his previous position as finance minister.

GERMAN

defeatist junta—increasing dissatisfaction with Hitler's intuition as a guide to strategy, and his steady Nazification of the Army and high command.

Allied victories in north Africa, continued bombings of Germany by growing Allied air power and the generally low morale of the country were said to be accepted by the junta as signs of doom for Germany.

The informant said the military group was betting on these alternatives:

1. In case of a stalemate or peace they will be able to eliminate Hitler with Allied blessings and perhaps establish another government, possibly monarchistic.

2. In case of outright German defeat they will be in a position by isolation of Hitler to ask the Allies to accept the junker class as the nucleus of a new government and would seek to convince the United States and Britain that they should be left with sufficient military strength to constitute a "German watchdog against Russia."

The principal figures mentioned in the informant's outline of the junta's activities have been mentioned many times in previous reports of dissension in the ranks of the German high command.

3rd Try At 'Canal Due In Three Weeks

Washington, Nov. 19 (AP)—It will take the Japanese at least three weeks and possibly much longer to pull themselves together for another try at Guadalcanal.

That was the opinion of Naval experts today after a detailed analysis of the staggering losses in ships, men and equipment suffered by the enemy in last week's rout.

These authorities, who asked to remain anonymous, were interested in but not unduly excited by the appearance of eight Japanese destroyers off the north coast of New Guinea yesterday. They said it was to be expected that enemy task forces would be encountered from time to time. But, they declared, it requires considerable time and organization to assemble a major armada such as was beaten back last week.

66 ITALIAN DIVISIONS LOST

London, Nov. 19 (AP)—Sixty-six Italian divisions, comprising about 594,000 men, have been destroyed in Africa and Albania since Mussolini entered the war, said a military commentator today. He explained that a division, which in the Italian army averages about 9,000 men, is considered destroyed in a military sense when it is so severely mauled it must be regrouped or reformed.

BIBLE BUSINESS BOOMS

Chicago, Nov. 19 (AP)—There's a boom in the Bible business—quite convincing proof that a nation at war is seeking solace in prayer. But the mothers, wives and sweethearts of the men in the armed forces aren't the only buyers of the Bibles, says an authority on the distribution of the testaments and gospels.

They're being sold to all classes of people, and sales this year, he said, probably would be 25 per cent more than in 1941.

BOY, 6, FATALY SHOT

Titusville, Pa., Nov. 19 (AP)—Six-year-old Edward Davison was fatally shot yesterday while playing in an orchard with his 11-year-old uncle, Richard Davison. Crawford County Deputy Coroner C. M. Sonne said Richard accidentally fired a shotgun and the charge struck Edward in the body. Edward lived with his grandparents, Mr. and Mrs. Frank Davison, 10 miles north of Titusville.

"Long And Short" Of Hardin-Simmons' Line Crashers May Top Nation's Carriers

LITTLE MOBLEY LEADING RIVALS BY 200 YARDS

Chicago, Nov. 19 (AP)—Rudolph (Little Doe) Mobley and six-foot Camp Wilson, the long and short of unbeaten Hardin-Simmons' devastating running attack, are well on their way to becoming the top two ball carriers of 1942 football.

If they succeed, it will mark the first time in modern records that two members of the same team have one-two in national rushing figures. Mobley, already credited with a season's record-breaking rushing total of 1,145 yards in seven games, has first place virtually sewed up. Wilson must beat out Missouri's Bob Steuber and Ohio State's Gene Fekete for the runner-up position.

Wilson Is Fourth
Although playing in fewer games, Wilson trails Fekete by only 20 yards and Steuber by 51. Figures released today by the American Football Statistical Bureau show Steuber with 848 yards in nine games; Fekete—817 in eight games. Wilson has 797 yards in seven contests with two more to play.

Together, Mobley and Wilson have Hardin-Simmons leading the nation in rushing with an average of 356 yards a game, 40 yards better than the record set by Colorado in 1937. In fact, the two would be outdistancing complete backfield units of every college eleven in the country if it weren't for four teams—Ohio State, Boston college, Missouri and Texas.

Sinkwich Runs Wild
Meanwhile, Frankie Sinkwich, the Georgia powerhouse, is running and passing his way toward the 2,000 yard mark in total offense. He has a 1,815-total gained by running 692 yards and passing for 1,123 and still has two games to go. The record is 1,928 yards.

The other leaders:
Total offense: Governal, Columbia, 148 yards rushing, 1,218 yards passing; Dutton, Pittsburgh, 676-560; Steuber, Missouri, 848-335; Mobley, Hardin-Simmons, 1,145-0; Evans, Kansas, 234-391; McKay, Texas, 681-418; G. Dobbs, Tulsa, 298-766; Graham, Northwestern, 224-627; Hullenbrand, Indiana, 317-692.

Rushing—after Mobley, Steuber, Fekete and Wilson came Holovac, Boston college, 743 yards in 7 games; Hirsch, Wisconsin, 724 in 9; Kennedy, Washington State, 712 in 7.

Passing Stars
Passing (on completions), Evans, Kansas, 83 passes for 881 yards; Governal, 76 for 1,218; Gillette, Virginia, 71 for 793; Sinkwich, 68 for 1,123; Graham, 66 for 837; Daniels, Texas A. and M., 62 for 701; G. Dobbs, 53 for 766; Bertelli, Notre Dame, 51 for 735.

Punting: Cifers, Tennessee, 44.45 average; W. Flynn, Harvard, 43.62; Patricello, North Carolina State, 42.65; Douglas, Dartmouth, 42.55.

Passing receiving: Rogers, Texas A. and M., caught 35 for 412 yards; Ferguson, California, 24 for 306; Salem, Texas Mines, 24 for 314; Judd, Tulsa, 23 for 312; Kelleher, Columbia, 22 for 395.

Bill Would Give Tire Business To Small Merchants

Washington, Nov. 19 (AP)—Proposed legislation to give some 300,000 small businessmen all the retail tire business, including sale, repair and recapping, was revived today in the hope the Senate Banking committee would recommend its passage.

Rubber Administrator William M. Jeffers was called before the committee to discuss the proposal that distribution of tires and services be withheld from manufacturer-owned stores to protect the small independent businessman from what Senator Ellender (D-La.) termed "destructive competition."

Ellender is author of the bill pending since June. The Senate small business committee, headed by Senator Murray (D-Mont.) has proposed an amendment which would authorize the rubber administrator to requisition surplus retreading and recapping equipment, whenever needed, and transfer it from one service area to another.

Murray said spokesmen for tire dealers had declared that they were "victims" of unwarranted discrimination in the allocation of recapping and retreading equipment.

COMPROMISE LEGISLATION

Washington, Nov. 19 (AP)—The House Ways and Means committee moved ahead today to prepare compromise legislation giving the President limited authority to suspend tariff and immigration laws through high government officials had testified in favor of a broad grant of power as requested by Mr. Roosevelt. The committee voted yesterday to table the measure giving the President power to suspend at any time during the war any laws or regulations governing the movement across American borders of persons, property, or information, and ordered a subcommittee to draft substitute legislation.

Red Devils To Play 7 Games Next Fall

Dickinson college's 1943 football schedule calls for seven contests with the possibility that one additional game may be arranged according to an announcement made by Red Devil athletic authorities.

Three of the seven games now scheduled will be played on Biddle Field. A fourth home game is being negotiated which would open the campaign on October 2.

The seven-game schedule includes all but one of the opponents met this season, with Western Maryland as the only missing rival. Newcomers to the Red Devil schedule are Susquehanna and Lebanon Valley.

The schedule follows: Oct. 2, open; Oct. 9, Delaware, away; Oct. 16, Washington & Jefferson, away; Oct. 23, Lebanon Valley, home; Oct. 30, Muhlenberg, away; Nov. 6, Susquehanna, away; Nov. 13, Lehigh, home and Nov. 20, Gettysburg, home.

SPORTS ROUNDUP

New York, Nov. 19 (AP)—National Hockey league officials are talking (one of the best things they do) about reducing the player limit to 13 men. . . . This is important, mainly because hockey is the first sport to feel the real wallop of the war. What happens to it now may happen to others later. . . . Change may or may not equalize the strength of the teams, as Art Ross claims, but it surely would cause some changes in the way they play the game. . . . The managers could either reduce their defense strength, keep three forward lines in action and go in for heavy scoring, or they could cut out the third line and return to the slower game of a decade ago, when a hockey team was 12 men. . . . Come to think of it, the Bruins have done all right with only 13 men in their last few games. . . . You can imagine the effects if other sports start cutting—football squads two deep, 16-man baseball squads, etc. . . . But it's one way of spreading out the available manpower.

MISSING 'EM QUICK
Winding up the football season with no more idea of what's what than we had at the start: Boston college, Georgia and Georgia Tech (automatically); Army over Princeton, Columbia over Dartmouth, Harvard over Yale, Missouri over Fordham, Wisconsin (home team) over Minnesota, Ohio State over Michigan, Notre Dame over Northwestern, Alabama over Vanderbilt, North Carolina over Virginia.

When it comes to the south-west and Pacific coast we give up. . . . Still cutting the corners close, eh?

SCRAP COLLECTION
Although Bowl talk is taboo at Boston college, word is that the BC seniors would prefer the Orange Bowl to the Sugar bowl because they've visited New Orleans three times but never have seen Miami.

Ether Wrons, Michigan women's speed skating champion, recently was awarded a \$1,000 war bond by the Seguin, Mich., defense plant where she works, for figuring out how to save 470 man-hours a month in manufacturing machine guns. . . . Still cutting the corners close, eh?

TIP FROM TED
Gordon Coubledick of the Cleveland Plain Dealer reports that the reason Ted Williams got so few long hits off Indian pitchers late last season was that Ted, himself, gave Lou Boudreau a hint on how he could be stopped. . . . "Once a pitcher shows me his fast ball I can hit anything he throws," Ted remarked during the All-star game. "I time everything by the hard one. Until I see it I'm liable to have trouble with his other stuff." . . . Boudreau promptly ordered his pitchers to throw nothing but curves and slow stuff to Ted until they had two strikes on him.

SERVICE DEPT.
The Army has ordered 16,200 pairs of boxing gloves from the Benlee outfit here, and the Navy has ordered 3,000 pairs—which should give our side quite a punch. . . . Lieut. Commander Halas spent \$4.00 on phone calls from Norman, Okla., to Chicago to get the details on the Bears-Packers game last Sunday.

Eight more of the Iowa Navy Seabees football squad, including Matt Bolger, Judd Ringer, George Frye and Fred Baston, are moving on to flight training and won't play against Nebraska Saturday.

Mummasburg

Mummasburg—Those from a distance who attended the funeral of Charles Houck, who was buried on Monday, were his daughter, Mrs. Ruth Johnson, of Philadelphia; Mrs. Nora Skyles and son, of Dallas; Mrs. Elizabeth Deardorff and sons, Ralph and Harold, of Media; Mrs. James Leister, of Upland; Mrs. Hilda Bonnell, of Media; Amanda Walker and son, Robert, were recent visitors in Waynesboro. Mrs. Frank Miller is reported ill.

Face Dickinson Here Saturday

Don Roberts, end (left), and Ray Rossetti, tackle, both juniors, will see plenty of action when the Bullets clash with the Red Devils in the final game of the season on Memorial Field Saturday afternoon at 2 o'clock. Both lads have earned great reputations for their fine defensive play this season and both are likely to be given starting assignments.

District 3 Will Continue Program

Scheduled may be sharply curtailed but sports programs of schools in District 3 of the Pennsylvania Interscholastic Athletic association are to continue throughout this school year, barring unforeseen developments.

At a meeting of the district executive committee at Steelton Wednesday night, chairmen of the various sport steering committees gave their reports and opinions on prospects of continuing interscholastic sports. In the future, certificates and ribbons will be awarded the winners. Trophies and medals are out for the duration.

FDR Says Exchange Of Ideas Can Aid War

Boston, Nov. 19 (AP)—President Roosevelt said today that "free exchange of ideas through regional discussion" throughout the nation could aid in the conduct of the war and preparation for a better post-war world.

Praising "the initiative" of New England, the President declared that civilian defense measures instituted in that area already had become "a model for the nation."

Mr. Roosevelt asserted in a message prepared for presentation to the first New England war conference, sponsored by the New England Council and the governors of the six states:

"I should like to see this war conference so successful that New England again will have offered a model to the nation."

Women Assuming Defense Positions

Harrisburg, Nov. 19 (AP)—Pennsylvania women are taking over dangerous civilian defense jobs originally planned for men because of the increasing manpower shortage.

Dr. A. R. Maris, State Defense Council director, explained that more than 12,000 women are serving as air raid wardens in a representative group of 20 counties while many others are engaged in other defense duties.

He added that "the growing importance of women in our civilian defense organization is being noted daily" and said they are particularly helpful in replacing men during daylight hours.

AID FOR DAIRYMEN

Washington, Nov. 19 (AP)—Special inducements to stimulate milk production may be offered dairymen if no other means is found of averting a threatened shortage. Government food agencies, faced with the possible need of rationing principal dairy products because of rising war demands, debated proposals to offer such incentives as federal subsidies or higher prices. The latter method would involve raising the price ceilings established by the Office of Price Administration at President Roosevelt's direction early in October.

FRED PERKINS INVOLVED IN TAX CHARGES

Philadelphia, Nov. 19 (AP)—Fred Perkins' one-man tax feud with the federal government has flared up again—and this time the government is really mad.

Assistant U. S. Attorney Thomas Curtin filed a criminal bill of information against the 64-year-old York, Pa., battery manufacturer, who doesn't approve of the Social Security tax and never pays it—never, at least, in an orthodox manner.

The bill charged failure to pay \$51.16 in taxes on a \$5,116 pay roll for the year ended June 30, 1942.

Judge George A. Welsh issued a bench warrant for his arrest and someone pointed out that the offense charged is punishable by a year and a day in prison and a \$10,000 fine.

Premises Fight
"They can put me in jail if they want to," Perkins said when told of the action, "but I'll go all the way to the Supreme court, provided I have some help from friends. The Social Security tax is unconstitutional and I'll be no party to it."

In the past the government has collected by seizing some of Perkins' property, usually trucks, and then restoring them to him for the amount of the tax due, plus costs. It costs a few dollars more that way but it's worth it, Perkins holds, because it saves his principles.

This time, however, the government took different steps and Perkins made plans for a court fight. "If they put me in jail it won't be the first time," he commented. "I served 18 days for refusing to comply with the NIRA."

WRITE TO SOLDIERS:
Harrisburg, Nov. 19 (AP)—The boys in the service will want to know who got buck fever among their former hunter friends during the big game season. The state Game commission is urging all big game hunters to take time out to write a note to keep "the boys on the fighting front happy."

SITARSKY CAGE COACH
John J. Sitarisky, freshman basketball coach at Bucknell university for the past six years, will succeed Malcolm E. Musser, on leave of absence with the United States Naval Reserve, as varsity basketball coach for the duration, Dr. B. W. Griffith, director of athletics, announced Wednesday.

The musical comedy has been developed almost exclusively by the English-speaking peoples.

WILLIE PEP IS PICKED TO BEAT CHALKY WRIGHT

By SID FEDER
New York, Nov. 19 (AP)—Willie Pep used to be a bootblack, which may or may not be the reason the good folks of Connecticut think he's such a shining favorite to polish off Chalky Wright in their featherweight title scrap tomorrow night in Madison Square Garden.

Nevertheless, Pep—the real name was Papawo until Willie decided to give his roots a break—is such a standout from the state that is famous for production of top-flight featherweights that his ruckus with Wright is going to bring more folks into the Garden from the Nutmeg state than any punch-party in Garden history.

Won 33 Fights
Of course, the fact that Willie has won 33 fights in a row and throws punches with about as much rhyme and reason as an ack-ack gun on the loose isn't going to hurt the fan interest. However, from all indications—including communique from Promoter Mike Jacobs' counting houses—the neighborhoods of New Haven and Hartford are going to look like desert villages come Friday. In spite of transportation problems, "Uncle Mike" estimated today that some 7,500 to 10,000 fans are coming down to see this one any way they can, and that includes some hitch-hiking.

Connecticut folks alone have dug down for \$20,000 worth of ducats. Naturally, Uncle Mike isn't at all put out about this, for with that foundation to work on, he figures this, nose-mashing party will be the big financial fess of the winter season, possibly coming within shouting distance of the \$50,000 gate.

Is 1-2 Favorite
Willie hales from a neighborhood where featherweights have always been the big attraction. Before him, Louis (Kid) Kaplan and Chris (Bato) Battalino came out of that neck of the woods to take the 127-pound championship, and Bobby (Poison) Ivy almost won it.

They've made Willie a 1-2 favorite in his home district. What's more, a lot of Connecticut money popped up among the Broadway betting shoppes for Pep. The only thing wrong with the picture is that Chalky Wright likes the other side of the argument, and when last heard from he was covering as much of this Nutmeg state "scratch" as he could find.

Game Commission Pays \$35,041 Levy
Harrisburg, Nov. 19 (AP)—The state game commission this year has paid \$35,041 to county treasurers and township school and road authorities for fixed charges on lands acquired.

A total of \$7,022 was sent to county treasurers while school boards received \$14,063 and road supervisors \$13,955. The commission makes the payments—one cent an acre for county treasurers and two cents an acre for others—because commonwealth-owned property is not subject to assessment for taxes.

Panthers To Play 15-Game Schedule

Pittsburgh, Nov. 19 (AP)—A 15-game Pitt basketball card, omitting the Panthers' annual western trip for the first time, since 1937 because of transportation difficulties, was announced today by Director of Athletics Jimmy Hagan.

The card included these games: Jan. 16, Penn State; Jan. 20, Geneva; Jan. 23, Geneva at Beaver Falls; Feb. 2, Indiana Teacher; Feb. 6, Westminster at New Wilmington; Feb. 20, Penn State at State College.

PANTHERS BIG OBSTACLE FOR STATE ELEVEN

State College, Pa., Nov. 19 (AP)—Only the once-mighty Pitt Panthers stand between Penn State's surprising football team and a better record than it has had in any season since just after the First World War.

With five victories—over Pennsylvania, Colgate, Syracuse, Bucknell and Lehigh—State rates next to Boston college among eastern gridiron treats and it needs another triumph in its backyard brawl with Pitt here Saturday to keep its rank.

Combining the talents of a couple of freshmen named Joe—Larry Joe, speedy halfback, and Joe Colone, a brilliant punter—with a stubborn line, the Nittany Lions have upset from week, after week this season. Their only loss, to West Virginia, 24-0, was an upset, too.

To offset the Joe's, Pitt will bring Bill Dutton, of Western West Virginia, halfback who has been outstanding through a poor Panther season. He is among the nation's leading ground gainers.

Pitt Wins Three
A far cry from the powerful Rose Bowl squads of Jack Sutherland, the Steel City Eleven with only three victories against five setbacks nevertheless isn't being taken lightly by the Lions—and for good reason.

State players can't forget their predecessors couldn't beat Pitt for a 20-year stretch ending in 1939. Then, in 1940, the Lions went into the Panther game unbeaten and untied only to lose again.

Against the Panthers, Coach Bob Higgins is risking a 15-game winning streak at home and a five-year record which shows only five defeats in 32 starts.

More than 15,000 are expected to jam the Nittany mountain stadium to see the 42nd meeting of the rivals. Pitt holds an edge of 24-15 and two ties were played.

Feel Years Younger, Full of Vim

Don't blame exhausted, worn-out, run-down feeling on your age. Thousands of men and women are getting up with Pep and getting on with it. Pep is a little package that does 40-60-80-100-120-140-160-180-200-220-240-260-280-300-320-340-360-380-400-420-440-460-480-500-520-540-560-580-600-620-640-660-680-700-720-740-760-780-800-820-840-860-880-900-920-940-960-980-1000-1020-1040-1060-1080-1100-1120-1140-1160-1180-1200-1220-1240-1260-1280-1300-1320-1340-1360-1380-1400-1420-1440-1460-1480-1500-1520-1540-1560-1580-1600-1620-1640-1660-1680-1700-1720-1740-1760-1780-1800-1820-1840-1860-1880-1900-1920-1940-1960-1980-2000-2020-2040-2060-2080-2100-2120-2140-2160-2180-2200-2220-2240-2260-2280-2300-2320-2340-2360-2380-2400-2420-2440-2460-2480-2500-2520-2540-2560-2580-2600-2620-2640-2660-2680-2700-2720-2740-2760-2780-2800-2820-2840-2860-2880-2900-2920-2940-2960-2980-3000-3020-3040-3060-3080-3100-3120-3140-3160-3180-3200-3220-3240-3260-3280-3300-3320-3340-3360-3380-3400-3420-3440-3460-3480-3500-3520-3540-3560-3580-3600-3620-3640-3660-3680-3700-3720-3740-3760-3780-3800-3820-3840-3860-3880-3900-3920-3940-3960-3980-4000-4020-4040-4060-4080-4100-4120-4140-4160-4180-4200-4220-4240-4260-4280-4300-4320-4340-4360-4380-4400-4420-4440-4460-4480-4500-4520-4540-4560-4580-4600-4620-4640-4660-4680-4700-4720-4740-4760-4780-4800-4820-4840-4860-4880-4900-4920-4940-4960-4980-5000-5020-5040-5060-5080-5100-5120-5140-5160-5180-5200-5220-5240-5260-5280-5300-5320-5340-5360-5380-5400-5420-5440-5460-5480-5500-5520-5540-5560-5580-5600-5620-5640-5660-5680-5700-5720-5740-5760-5780-5800-5820-5840-5860-5880-5900-5920-5940-5960-5980-6000-6020-6040-6060-6080-6100-6120-6140-6160-6180-6200-6220-6240-6260-6280-6300-6320-6340-6360-6380-6400-6420-6440-6460-6480-6500-6520-6540-6560-6580-6600-6620-6640-6660-6680-6700-6720-6740-6760-6780-6800-6820-6840-6860-6880-6900-6920-6940-6960-6980-7000-7020-7040-7060-7080-7100-7120-7140-7160-7180-7200-7220-7240-7260-7280-7300-7320-7340-7360-7380-7400-7420-7440-7460-7480-7500-7520-7540-7560-7580-7600-7620-7640-7660-7680-7700-7720-7740-7760-7780-7800-7820-7840-7860-7880-7900-7920-7940-7960-7980-8000-8020-8040-8060-8080-8100-8120-8140-8160-8180-8200-8220-8240-8260-8280-8300-8320-8340-8360-8380-8400-8420-8440-8460-8480-8500-8520-8540-8560-8580-8600-8620-8640-8660-8680-8700-8720-8740-8760-8780-8800-8820-8840-8860-8880-8900-8920-8940-8960-8980-9000-9020-9040-9060-9080-9100-9120-9140-9160-9180-9200-9220-9240-9260-9280-9300-9320-9340-9360-9380-9400-9420-9440-9460-9480-9500-9520-9540-9560-9580-9600-9620-9640-9660-9680-9700-9720-9740-9760-9780-9800-9820-9840-9860-9880-9900-9920-9940-9960-9980-10000-10020-10040-10060-10080-10100-10120-10140-10160-10180-10200-10220-10240-10260-10280-10300-10320-10340-10360-10380-10400-10420-10440-10460-10480-10500-10520-10540-10560-10580-10600-10620-10640-10660-10680-10700-10720-10740-10760-10780-10800-10820-10840-10860-10880-10900-10920-10940-10960-10980-11000-11020-11040-11060-11080-11100-11120-11140-11160-11180-11200-11220-11240-11260-11280-11300-11320-11340-11360-11380-11400-11420-11440-11460-11480-11500-11520-11540-11560-11580-11600-11620-11640-11660-11680-11700-11720-11740-11760-11780-118

"Long And Short" Of Hardin-Simmons' Line Crashers May Top Nation's Carriers

LITTLE MOBLEY LEADING RIVALS BY 200 YARDS

Chicago, Nov. 19 (AP)—Rudolph (Little Doc) Mobley and six-foot Camp Wilson, the long and short of unbeaten Hardin-Simmons' devastating running attack, are well on their way to becoming the top two ball carriers of 1942 football.

If they succeed, it will mark the first time in modern records that two members of the same team have one-two in national rushing figures. Mobley, already credited with a season's record-breaking rushing total of 1,145 yards in seven games, has first place virtually sewed up. Wilson must beat out Missouri's Bob Steuber and Ohio State's Gene Fekete for the runner-up position.

Wilson Is Fourth
Although playing in fewer games, Wilson trails Fekete by only 20 yards and Steuber by 51. Figures released today by the American Football Statistical Bureau show Steuber with 848 yards in nine games; Fekete—917 in eight games. Wilson has 797 yards in seven contests with two more to play.

Together, Mobley and Wilson have Hardin-Simmons leading the nation in rushing with an average of 350 yards a game, 40 yards better than the record set by Colorado in 1937. In fact, the two would be outstanding complete backfield units of every college eleven in the country if it weren't for four teams—Ohio State, Boston College, Missouri and Texas.

Sinkwich Runs Wild
Meantime, Frankie Sinkwich, the Georgia powerhouse, is running and passing his way toward the 2,000 yard mark in total offense. He has a 1,815-total gained by running 692 yards and passing for 1,123 and still has two games to go. The record is 1,928 yards.

The other leaders:
Total offense: Governall, Columbia, 148 yards rushing, 1,218 yards passing; Dutton, Pittsburgh, 676-580; Steuber, Missouri, 848-335; Mobley, Hardin-Simmons, 1149-0; Evans, Kansas, 234-981; McKay, Texas, 661-416; G. Dobbs, Tulsa, 298-766; Graham, Northwestern, 224-627; Hillenbrand, Indiana, 317-692.

Rushing—after Mobley, Steuber, Fekete and Wilson came Holovak, Boston College, 743 yards in 7 games; Hirsch, Wisconsin, 724 in 9; Kennedy, Washington State, 712 in 7.

Passing Stars
Passing (on completions), Evans, Kansas, 63 passes for 881 yards; Governall, 76 for 1218; Gillette, Virginia, 71 for 793; Sinkwich, 68 for 1123; Graham, 66 for 837; Daniels, Texas A. and M., 62 for 701; G. Dobbs, 53 for 766; Bertelli, Notre Dame, 51 for 735.

Punting: Cifers, Tennessee, 44.45 average; W. Flynn, Harvard, 43.62; Palecloth, North Carolina State, 42.65; Douglas, Dartmouth, 42.58.

Passing receiving: Rogers, Texas A. and M. caught 35 for 412 yards; Ferguson, California, 24 for 306; Salem, Texas Mines, 24 for 314; Judd, Tulsa, 23 for 312; Kelleher, Columbia, 22 for 395.

Bill Would Give Tire Business To Small Merchants

Washington, Nov. 19 (AP)—Proposed legislation to give some 300,000 small businessmen all the retail tire business, including sale, repair and recapping, was revived today in the hope the Senate Banking committee would recommend its passage.

Rubber Administrator William M. Jeffers was called before the committee to discuss the proposal that distribution of tires and services be withheld from manufacturer-owned stores to protect the small independent businessman from what Senator Ellender (D-La.) termed "destructive competition."

Ellender is author of the bill pending since June. The Senate small business committee, headed by Senator Murray (D-Mont.) has proposed an amendment which would authorize the rubber administrator to requisition surplus retreading and recapping equipment, whenever needed, and transfer it from one service area to another.

Murray said spokesmen for tire dealers had declared that they were "victims" of unwarranted discrimination in the allocation of recapping and retreading equipment.

COMPROMISE LEGISLATION

Washington, Nov. 19 (AP)—The House Ways and Means committee moved ahead today to prepare compromise legislation giving the President limited authority to suspend tariff and immigration laws though high government officials had testified in favor of a broad grant of power as requested by Mr. Roosevelt. The committee voted yesterday to table the measure giving the President power to suspend at any time during the war any laws or regulations governing the movement across American borders of persons, property, or information, and ordered a subcommittee to draft substitute legislation.

Red Devils To Play 7 Games Next Fall

Dickinson college's 1943 football schedule calls for seven contests with the possibility that one additional game may be arranged according to an announcement made by Red Devil athletic authorities.

Three of the seven games now scheduled will be played on Biddle Field. A fourth home game is being negotiated which would open the campaign on October 2.

The seven-game schedule includes all but one of the opponents met this season, with Western Maryland as the only missing rival. Newcomers to the Red Devil schedule are Susquehanna and Lebanon Valley.

The schedule follows: Oct. 2, open; Oct. 9, Delaware, away; Oct. 16, Washington & Jefferson, away; Oct. 23, Lebanon Valley, home; Oct. 30, Muhlenberg, away; Nov. 6, Susquehanna, away; Nov. 13, Lehigh, home and Nov. 20, Gettysburg, home.

SPORTS ROUNDUP

New York, Nov. 19 (AP)—National Hockey league officials are talking (one of the best things they do) about reducing the player limit to 13 men. . . . This is important mainly because hockey is the first sport to feel the real wallop of the war. What happens to it now may happen to others later. . . . Change may or may not equalize the strength of the teams, as Art Ross claims, but it surely would cause some changes in the way they play the game. . . . The managers could either reduce their defense strength, keep three forward lines in action and go in for heavy scoring, or they could cut out the third line and return to the slower game of a decade ago, when a hockey team was 12 men. . . . Come to think of it, the Bruins have done all right with only 13 men in their last few games. . . . You can imagine the effects if other sports start cutting—football squads two deep, 16-man baseball squads, etc. . . . But it's one way of spreading out the available manpower.

MISSING 'EM QUICK
Winding up the football selection season with no more idea of what's what than we had at the start: Boston college, Georgia and Georgia Tech (automatically); Army over Princeton, Columbia over Dartmouth, Harvard over Yale, Missouri over Fordham, Wisconsin (home team) over Minnesota, Ohio State over Michigan, Notre Dame over Northwestern, Alabama over Vanderbilt, North Carolina over Virginia. . . . When it comes to the southwest and Pacific coast we give up.

SCRAP COLLECTION
Although Bowl talk is taboo at Boston college, word is that the BC seniors would prefer the Orange Bowl to the Sugar dish because they've visited New Orleans three times but never have seen Miami. . . . Esther Wrona, Michigan women's speed skating champion, recently was awarded a \$1,000 war bond by the Euginaw, Mich., defense plant where she works, for figuring out how to save 470 man-hours a month in manufacturing machine guns. . . . Still cutting the corners close, eh?

TIP FROM TED
Gordon Cobbledick of the Cleveland Plain Dealer reports that the reason Ted Williams got so few long hits off Indian pitchers late last season was that Ted, himself, gave Lou Boudreau a hint on how he could be stopped. . . . "Once a pitcher shows me his fast ball I can hit anything he throws," Ted remarked during the All-star game. "I time everything by the hard one. Until I see it I'm liable to have trouble with his other stuff." . . . Boudreau promptly ordered his pitchers to throw nothing but curves and slow stuff to Ted until they had two strikes on him.

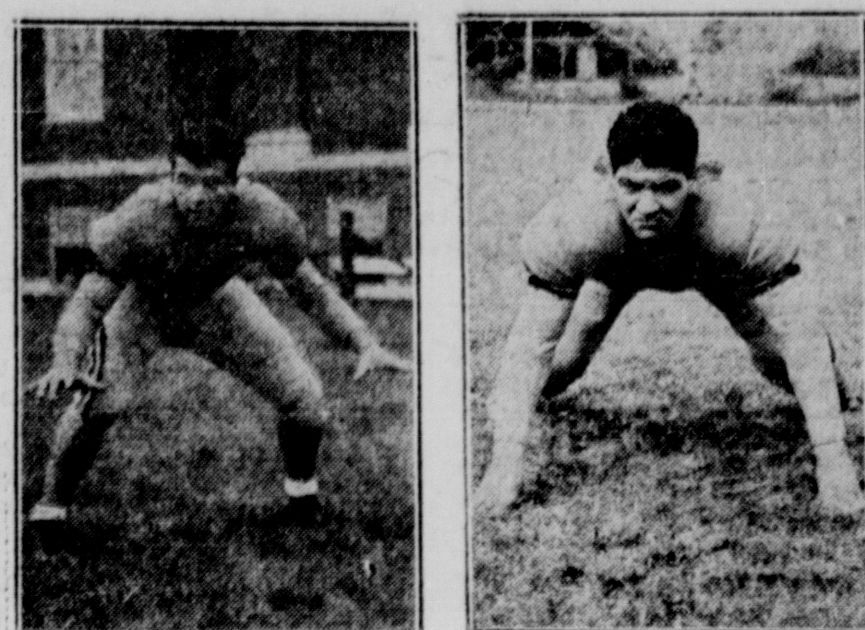

SERVICE DEPT.

The Army has ordered 16,300 pairs of boxing gloves from the Benlee outfit here, and the Navy has ordered 3,000 pairs—which should give our side quite a punch. . . . Lieut. Commander Halas spent \$40 on phone calls from Norman, Okla., to Chicago to get the details on the Bears-Packers game last Sunday. . . . Eight more of the Iowa Navy Seahawks football squad, including Matt Bolger, Judd Ringer, George Frye and Fred Baston, are moving on to flight training and won't play against Nebraska Saturday.

Mummasburg

Mummasburg—Those from a distance who attended the funeral of Charles Houck, who was buried on Monday, were his daughter, Mrs. Ruth Johnson, of Philadelphia; Mrs. Nora Skyles and son, of Dallas; Mrs. Elizabeth Deardorff and sons, Ralph and Harold, of Media; Mrs. James Lester, of Upland, and Mrs. Hilda Bonnell, of Media. . . . Amanda Walker and son, Robert, were recent visitors in Waynesboro. Mrs. Frank Miller is reported ill.

Face Dickinson Here Saturday

Don Roberts, end (left), and Ray Rossetti, tackle, both juniors, will see plenty of action when the Bullets clash with the Red Devils in the final game of the season on Memorial Field Saturday afternoon at 2 o'clock. Both lads have earned great reputations for their fine defensive play this season and both are likely to be given starting assignments.

District 3 Will Continue Program

Scheduled may be sharply curtailed but sports programs of schools in District 3 of the Pennsylvania Interscholastic Athletic association are to continue throughout this school year, barring unforeseen developments.

At a meeting of the district executive committee at Steelton Wednesday night, chairmen of the various sport steering committees gave their reports and opinions on prospects of continuing interscholastic sports. In the future, certificates and ribbons will be awarded the winners. Trophies and medals are out for the duration.

FDR Says Exchange Of Ideas Can Aid War

Boston, Nov. 19 (AP)—President Roosevelt said today that "free exchange of ideas through regional discussion" throughout the nation could aid in the conduct of the war and preparation for a better post-war world.

Praising "the initiative" of New England, the President declared that civilian defense measures instituted in that area already had become "a model for the nation."

Mr. Roosevelt asserted in a message prepared for presentation to the first New England war conference, sponsored by the New England Council and the governors of the six states:

"I should like to see this war conference so successful that New England again will have offered a model to the nation."

He added that "the growing importance of women in our civilian defense organization is being noted daily" and said they are particularly helpful in replacing men during daylight hours.

AD FOR DAIRYMEN

Washington, Nov. 19 (AP)—Special inducements to stimulate milk production may be offered dairymen if no other means is found of averting a threatened shortage. Government food agencies, faced with the possible need of rationing principal dairy products because of rising war demands, debated proposals to offer such incentives as federal subsidies or higher prices. The latter method would involve raising the price ceilings established by the Office of Price Administration at President Roosevelt's direction early in October.

FRED PERKINS INVOLVED IN TAX CHARGES

Philadelphia, Nov. 19 (AP)—Fred Perkins' one-man tax feud with the federal government has flared up again—and this time the government is really mad.

Assistant U. S. Attorney Thomas Curtin filed a criminal bill of information against the 64-year-old York, Pa., battery manufacturer, who doesn't approve of the Social Security tax and never pays it—never, at least, in an orthodox manner.

The bill charged failure to pay \$51.16 in taxes on a \$5,116 pay roll for the year ended June 30, 1942.

Judge George A. Welsh issued a bench warrant for his arrest and some points out that the offense charged is punishable by a year and a day in prison and a \$10,000 fine.

Promises Fight
"They can put me in jail if they want to," Perkins said when told of the action, "but I'll go all the way to the Supreme court, provided I have some help from friends. The Social Security tax is unconstitutional and I'll be no party to it."

In the past the government has collected by seizing some of Perkins' property, usually trucks, and then restoring them to him for the amount of the tax due, plus costs. It costs a few dollars more that way but it's worth it, Perkins holds, because it saves his principles.

This time, however, the government took different steps and Perkins made plans for a court fight. "If they put me in jail it won't be the first time," he commented. "I served 18 days for refusing to comply with the NRA."

WRITE TO SOLDIERS!

Harrisburg, Nov. 19 (AP)—The boys in the service will want to know who got buck fever among their former hunter friends during the big game season. The state Game commission is urging all big game hunters to take time out to write a note to keep "the boys on the fighting front happy."

SITARSKY CAGE COACH

The musical comedy has been developed almost exclusively by the English-speaking peoples.

WILLIE PEP IS PICKED TO BEAT CHALKY WRIGHT

By SID FEDER

New York, Nov. 19 (AP)—Willie Pep used to be a bootblack, which may or may not be the reason the good folks of Connecticut think he's such a shining favorite to polish off Chalky Wright in their featherweight title scrap tomorrow night in Madison Square Garden.

Nevertheless, Pep—the real name was Papaleo until Willie decided to give his rooters a break—is such a standout from the state that is famous for production of top-flight featherweights that his ruckus with Wright is going to bring more folks into the Garden from the Nutmeg state than any punch-party in Garden history.

Won 53 Fights

Of course, the fact that Willie has won 53 fights in a row and throws punches with about as much rhyme and reason as an ack-ack gun on the loose isn't going to hurt the fan interest. However, from all indications—including communique from Promoter Mike Jacobs' counting houses—the neighborhoods of New Haven and Hartford are going to look like desert villages come Friday. In spite of transportation problems, "Uncle Mike"—estimated today that some 7,500 to 10,000 fans are coming down to see this one any way they can, and that includes some hitch-hiking.

Connecticut folks alone have dug down for \$20,000 worth of ducats. Naturally, Uncle Mike isn't at all put out about this, for with that foundation to work on, he figures this nose-mashing party will be the big financial fass of the winter season, possibly coming within shouting distance of the \$60,000 gate.

Is 1-2 Favorite

Willie hales from a neighborhood where featherweights have always been the big attraction. Before him, Louis (Kid) Kaplan and Chris (Bat) Battalino came out of that neck of the woods to take the 127-pound championship, and Bobby (Poison) Ivy almost won it.

They've made Willie a 1-2 favorite in his home district. What's more, a lot of Connecticut money popped up among the Broadway betting shoppes for Pep. The only thing wrong with the picture is that Chalky Wright likes the other side of the argument, and when last heard from he was covering as much of this Nutmeg state "scratch" as he could find.

Game Commission Pays \$35,041 Levy

Harrisburg, Nov. 19 (AP)—The state Game commission this year has paid \$35,041 to county treasurers and township school and road authorities for fixed charges on lands acquired.

A total of \$7,023 was sent to county treasurers while school boards received \$14,063 and road supervisors \$13,955. The commission makes the payments—one cent an acre for county treasurers and two cents an acre for others—because commonwealth-owned property is not subject to assessment for taxes.

Panthers To Play 15-Game Schedule

Pittsburgh, Nov. 19 (AP)—A 15-game Pitt basketball card, omitting the Panthers' annual western trip for the first time, since 1937 because of transportation difficulties, was announced today by Director of Athletics Jimmy Hagan.

The card included these games: Jan. 16, Penn State; Jan. 20, Geneva; Jan. 23, Geneva at Beaver Falls; Feb. 2, Indiana Teachers; Feb. 6, Westminster at New Wilmington; Feb. 20, Penn State at State College.

PANTHERS BIG OBSTACLE FOR STATE ELEVEN

State College, Pa., Nov. 19 (AP)—Only the once-mighty Pitt Panthers stand between Penn State's surprising football team and a better record than it has had in any season since just after the First World War.

With five victories—over Pennsylvania, Colgate, Syracuse, Bucknell and Lehigh—State rates next to Boston college among eastern grid-iron greats and it needs another triumph in its backyard brawl with Pitt here Saturday to keep its ranking.

Combining the talents of a couple of freshmen named Joe—Larry Joe, speedy halfback, and Joe Colone, a brilliant punter—with a stubborn line, the Nittany Lions have upset form week, after week this season. Their only loss, to West Virginia, 24-0, was an upset, too.

To offset the Joe's, Pitt will have Bill Dutton, of Western West Virginia, halfback who has been outstanding through a poor Panther season. He is among the nation's leading ground gainers.

Pitt Wins Three
A far cry from the powerful Rose Bowl squads of Jock Sutherland, the Steel City Eleven with only three victories against five setbacks nevertheless isn't being taken lightly by the Lions—and for good reason. Ivy almost won it.

State players can't forget their predecessors couldn't beat Pitt for a 29-year stretch ending in 1939. Then, in 1940, the Lions went into the Panther game unbeaten and untied only to lose again.

Against the Panthers, Coach Bob Higgins is risking a 15-game winning streak at home and a five-year record which shows only five defeats in 32 starts.

More than 15,000 are expected to jam the Nittany mountain stadium to see the 42nd meeting of the rivals. Pitt holds an edge of 24-15 and two ties were played.

BUCKEYES MAY HAVE SERVICES OF FLASHY BACK

Columbus, O., Nov. 19 (AP)—A possibility, slight though it was, that "Touchdown Tommy" James might be able to ramble Saturday against Michigan today raised hopes of Ohio State's rabid fandom for their first victory in five years over their bitter rivals.

Thomas Laverne James, a freckle-faced Massillon red-head, came into his own last Saturday as a "spot" runner, scoring touchdowns on 76 and 33 yard runs against Illinois. But before the game was half over he was thrown hard out-of-bounds and suffered a shoulder separation.

While Coach Paul Brown has insisted the past three days that he was not counting on the fast, 160-pounder in the Big Ten championship tilt with Michigan, he told the downtown quarterback club last night:

May Use Tommy
"Tommy has not been out of the dressing room all week. However, he is a boy who responds to treatment and he has never missed a game either in high school or thus far in college. There is a possibility that I may be able to use him a little Saturday at the right wing-back, where he can carry the ball in his left arm."

The right wingback, played regularly by Les Horvath, another light speedster, wouldn't be a new spot for Sophomore James who has alternated with Paul Barringhaus at left halfback. James played right wingback with mighty Massillon high school under Brown.

Ohio State and Michigan, fresh from its convincing 32 to 20 win over strong Notre Dame, wind up their heavy workouts today for the nation's top collegiate clash which will be witnessed by about 80,000 fans.

Ohio can win an undisputed Western conference championship by beating Michigan, but a Michigan victory would jumble the standings and give the Wolverines a chance for the title.

Pitt Physician Once Treated State Star

Pittsburgh, Nov. 19 (AP)—Dr. Ralph Shanor, Pitt physician, will be happy Saturday even if Penn State's freshman flash, Larry Joe, gets loose on long runs against Pitt as he did last week against powerful Penn.

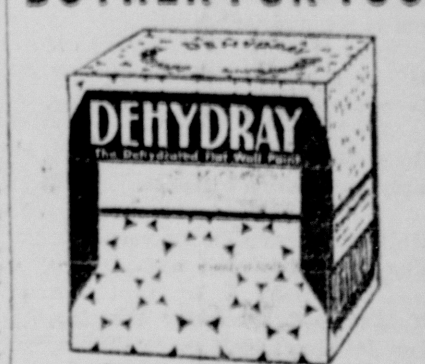

Dr. Shanor performed an operation on Joe's knee at the finish of his schoolboy career at Derry township, Westmoreland county, to make him fit for college football. Joe had received a torn knee cartilage in a charity football game and later it bothered him.

The physician and other Pitt officials hoped that Joe, a much-sought-after schoolboy ace, might enter Pitt but the lad chose Penn State.

ALLIES CLAMP 4-WAY SQUEEZE AGAINST AXIS

(Continued From Page 1)

rh troops had raced to a point 50 miles south of Bengasi—near the highwater mark of the first westward drive across Libya—and were clashing at Axis rearwards within 15 miles of the Gulf of Sirte.

This would place the British within 110 miles of the El Agheila bottleneck between Cirenaica and Italian Tripolitania.

The advance indicated that at least part of the British air army had by-passed Bengasi and was now threatening the only avenue of escape for any holdout garrison. Rommel might have left there.

Bengasi is approximately 160 miles northeast of El Agheila, on the base of the Libyan hump, where Marshal Rommel is expected to attempt a last-ditch stand in the narrow corridor between boggy salt marshes and the sea.

Rommel Abandons Bengasi

The British communiqué did not state whether Gen. Sir Bernard L. Montgomery's triumphant Armies had captured or by-passed Bengasi, once a major port of supply for Rommel's Africa corps.

It seemed probable, however, that Rommel was abandoning the port in his headlong flight toward El Agheila.

"Forward troops of the Eighth Army yesterday were in touch with the enemy south of Bengasi," British headquarters announced.

"Enemy transport vehicles were also successfully attacked by our (aerial) fighters on roads south of Bengasi."

On the western flank of the giant Allied "vise," Lieut.-Gen. Dwight D. Eisenhower's headquarters reported that the first phase of the battle for strategic Tunisia, buffer state between Algeria and Tripolitania, had begun.

"Advance elements of the British First Army, together with British and American parachute troops and French forces operating with us, have entered Tunisia at several points," Gen. Eisenhower announced.

"Contacts have been made with enemy scouting parties."

Allied Paratroops Active

Without detail, dispatches said the Allied paratroops had occupied several strategic places.

American Flying Fortresses of Brig.-Gen. James H. Doolittle's command pounded the Axis-held naval base at Bizerte in a daylight raid, setting oil tanks ablaze, exploding ammunition dumps and wrecking grounded planes, while other Allied bombers attacked the Axis airdrome at Tunis.

Meanwhile, in the face of bad news everywhere in the north African theatre, Axis propagandists sought comfort in fantastic stories of Allied losses.

Thus the Nazi-controlled Vichy radio declared that 50 damaged British warships and merchantmen had arrived at Gibraltar and landed dead and wounded, while the Rome radio reported that a large U. S. transport crowded with troops "has just been sunk off Casablanca."

"Only a very small number of men were saved," the Rome broadcast said.

Both these claims had no confirmation.

Turin Is Bombed

Other major developments:

ITALY BOMBED—Britain's far-ranging bombers again flew 1,500 miles round-trip across the Alps last night to blast the Italian war foundries city of Turin, site of the royal arsenal.

The Italian high command listed 24 dead and 52 wounded and acknowledged "considerable damage."

FRANCE—Backed by German bayonets, France's pro-German Chief of Government Pierre Laval has been given powers of life and death over the French people as a result of the Vichy regime's latest capitulation to the Nazi conquerors.

RUSSIAN CAMPAIGN—Soviet dispatches reported that the Red armies had seized the initiative on both the northern and southern flanks of long-besieged Stalingrad and scored new gains in the Caucasus.

"Our troops launched active operations and captured several enemy fortifications in Southern Stalingrad," the Russian command said.

On the northern flank, Soviet troops were reported to have broken into German trenches and killed 60 Nazis and captured others in hand-to-hand fighting.

Estimate Daily Nazi Losses

Red Army officers also attacked in the bloody northern factory district of Stalingrad, a communiqué said, capturing several German strongpoints and killing 600 Nazis.

Soviet quarters estimated that the Axis lost 1,000 to 1,500 troops daily for three weeks in a supreme effort to capture Stalingrad by November 6.

A German broadcast admitted that Italian troops on the Russian front had already dug into winter quarters along the Don river, northwest of Stalingrad.

Jungle Fighters Advance

American bombers hunted through bad weather for a force of eight Japanese destroyers off the New Guinea coast near Buna, while U. S. Army and British troops closed within 25 miles of the enemy's main invasion base there.

Dispatches said the destroyers ap-

On the China war front, a Chinese Army spokesman reported growing signs that Japan's invasion armies were preparing a double-headed offensive against Yunnan province, southwest China, from French Indo-China and Burma.

LAVAL ASSUMES FRENCH CONTROL FROM PETAIN

London, Nov. 19 (AP)—Backed by German bayonets, Pierre Laval held powers of life and death over the people of unhappy France today through the Vichy government's latest gesture toward the Nazi conquerors.

It was disclosed last night that Marshal Petain at a Tuesday cabinet meeting designated the little Germanophile his heir as chief of state and gave him full powers to write his own laws and decrees.

The Paris radio said Laval would transfer the government to Paris. The announcer quoted a statement by Marcel Deat, collaborationist publisher saying:

"Vichy has become a symbol of all that is rotten. The government must be stripped of the barely camouflaged de Gaulism which reigned in Vichy two years."

British political observers were quick to declare that extended powers for Laval—whose fortunes and very life are pinned to his often affirmed belief in an ultimate Axis triumph—were a "logical development." They said it showed definitely that the octogenarian Petain "is completely in the hands of the Germans and they put Laval in."

Two Resignations

First results in Vichy of Laval's advancement were the quickly accepted resignations of Vice Admiral G. A. J. P. Auphan as secretary of state for the navy, and Robert Gilbrat, secretary of state for communications.

Admiral Jean Maro Abrial succeeded Admiral Auphan, who was a supporter of Darlan. Jean Bichelonne combined Gilbrat's duties with his present post of secretary of state for industrial production.

In another Vichy decree, reported by the Berlin radio, Pierre Cathala was appointed secretary of state for national economics while retaining his previous position as finance minister.

Admiral Abrial is a former governor general of Algeria and it was assumed that he was expected to use whatever influence he may retain in the part of North Africa not yet in Allied control in an effort to offset the efforts of Darlan and fighting French to line up the African French with the Allies.

defeatist junta—increasing dissatisfaction with Hitler's intuition as a guide to strategy, and his steady Nazification of the Army and high command.

Allied victories in north Africa, continued bombings of Germany by growing Allied air power and the generally low morale of the country were said to be accepted by the junta as signs of doom for Germany.

The informant said the military group was betting on these alternatives:

1. In case of a stalemate or peace they will be able to eliminate Hitler with Allied blessings and perhaps establish another government, possibly monarchic.

2. In case of outright German defeat they will be in a position by isolation of Hitler to ask the Allies to accept the junker class as the nucleus of a new government and would seek to convince the United States and Britain that they should be left with sufficient military strength to constitute a "German watchdog against Russia."

The principal figures mentioned in the informant's outline of the junta's activities have been mentioned many times in previous reports of dissension in the ranks of the German high command.

3rd Try At Canal Due In Three Weeks

Washington, Nov. 19 (AP)—It will take the Japanese at least three weeks and possibly much longer to pull themselves together for another try at Guadalcanal.

That was the opinion of Naval experts today after a detailed analysis of the staggering losses in ships, men and equipment suffered by the enemy in last week's rout.

These authorities, who asked to remain anonymous, were interested in but not unduly excited by the appearance of eight Japanese destroyers off the north coast of New Guinea yesterday. They said it was to be expected that enemy task forces would be encountered from time to time. But, they declared, it requires considerable time and organization to assemble a major armada such as was beaten back last week.

66 ITALIAN DIVISIONS LOST

London, Nov. 19 (AP)—Sixty-six Italian divisions, comprising about 504,000 men, have been destroyed in Africa and Albania since Mussolini entered the war, said a military commentator today. He explained that a division, which in the Italian army averages about 9,000 men, is considered destroyed in a military sense when it is so severely muddled it must be regrouped or reformed.

BIBLE BUSINESS ROOMS

Chicago, Nov. 19 (AP)—There's a boom in the Bible business—quite convincing proof that a nation at war is seeking solace in prayer. But the mothers, wives and sweethearts of the men in the armed forces aren't the only buyers of the Bibles, says an authority on the distribution of the testaments and gospels. They're being sold to all classes of people, and sales this year, he said, probably would be 25 per cent more than in 1941.

RUMOR

Kill a rumor on the spot.
Let it die and be forgot.

If you scorn to pass it on,
It will soon be dead and gone.

Be polite, but be discreet.
Ugly stories don't repeat.

If it's whispered under you,
You can bet it isn't true.

If it's good news for the foe,
Ten to one it isn't so.

To be silent's very wise.
Unrepeated rumors die.

If it's vicious if it's vile
Think it over for awhile.

And then kill it. Be the one
Much too smart to pass it on!

Today's Talk

By George Matthew Adams

DEEP IN THE INVISIBLE

General Smuts once spoke of that notable character, General Louis Botha, as a man who "had his roots deep in the invisible."

General Botha was one of 13 children. His father, who owned a great stock-farm in the Orange Free State, at his death left the vast estate to them all. At a meeting of the children it was decided to divide the inheritance. Botha, who was at that time under 21 years of age, had done much of the managing—the children being quite scattered over the area and rarely seeing each other. He wanted the estate left intact under his management.

This decision to divide hurt to the quick the young Botha, and so he decided to take his leave with what tangible effects he could gather and set off for Natal. The story of his life as soldier-statesman is all too well known, but, as one writer has said of him: "Great as a soldier, greater as statesman, he was greater as friend by right of his sheer humanity and sympathy."

How greatly our fellow human beings are misjudged and misunderstood. How very many of them have their "roots deep in the invisible." The entire world learned that about Abraham Lincoln—the smoke and terror of war had blown away. Then all that patient and sympathetic understanding of his loomed like a vast light on the horizon.

The entire world today is going through its Gethsemane—the terrifying pains, preceding its birth. But deep in the invisible—deep in the hearts of those who are giving of all that they have to give and deep in the hearts of all those who believe in the sure triumph of the right to live free and happy, is that invisible something that drives them nearer and nearer to the accomplishment of Victory.

Perhaps it was the original purpose of the Creator to bury deep and conceal the most precious of Earth's gifts and secrets—keeping them invisible until the aspiration and necessity of man could ripen to an appreciation of their benefits.

How short is our spiritual sight into the paths that lead to the invisible! What a challenge to our inborn faith and the everlasting courage that we all should own.

Tomorrow Mr. Adams will talk on the subject: "Buying Happiness."

New Highway To Alaska To Be Opened On Friday

MIGHTY CONVOYS OF SUPPLIES TO GO NORTHWARD

Whitehorse, Yukon Territory, Nov. 19 (AP)—A ribbon of red, white and blue will be slashed and flung to the arctic wind Friday, opening the Alaska highway.

Between the fluttering colors of the United States and Canada will roll an Army truck manned by two soldiers, to be followed by cars bearing civil and military officials of the two nations. This will be the vanguard of a series of mighty convoys—convoys safe from submarines and all but immune to air attack—which will move north toward Japan.

Dignitaries of Canada and Alaska will join the jubilant northwest service corps in celebrating the epochal engineering feat of the war, a road pushed 1,681 miles through one of the world's great wildernesses in seven months and seventeen days.

Build 8 Miles Daily
Last March 17, the final agreement on the project between the United States and Canada was announced. November 3 Corp. Refines Sims, Jr., a Philadelphia negro, and Alfred Jalufka, of Kennedy, Texas, almost drove their bulldozers into each other near the Alaska-Yukon border.

Originally planned to be only nine feet wide, it was found practicable to make the road twice that width and still maintain a construction pace of eight miles a day. Two hundred streams had to be bridged, vast areas of treacherous, swampy muskeg had to be crossed.

Much of the construction was through mountains, but surveyors found one of the lowest passes in the continental divide, 4,212 feet in altitude.

Hard-packed snow, kept clear by numerous snowplows, affords good winter travel. In the late spring thaw, there will be mud, and river ice crushing against bridges, to bring grave problems. But already a huge force of public roads administration workers is on the job, putting in all-year gravel surface and building sturdy bridges.

Meets Alaska Railroad
The new road extends from Fairbanks, Alaska, to Dawson creek, Alberta. At its northern terminus, it connects with Alaska's sole rail road of any importance, the government line from Fairbanks to Anchorage, the Army's headquarters, and with the latter city's seaports of Seward and Whittier. It also connects with the Richardson highway, which runs from interior Alaska to the seaport of Valdez.

Dawson creek is the railroad of the Canadian National, the northern "jumping-on place" for all the vast northwestern wilderness.

At Dawson creek it also strikes an existing auto road to Edmonton, capital at Alberta, from which railroad and highways stretch out to a score of points on the United States border.

Airfields Parallel Road
Paralleling the new road is a string of military airfields connecting the west and midwest with Alaska bases. Importance of supplying these vital aerial outposts was a prime reason for choosing the present route in preference to the long-favored tourist highway nearer the coast.

The Alaska highway has been hailed as "the new northwest passage" and "America's Burma road," but to Alaskans it is more in the nature of a bridge.

Anthony J. Dimond, Congressional delegate from Alaska, points out that the territory has only now become a part of the continent for practical purposes.

Carrie Codori, Mabel Grenoble and Mrs. Fred Faber motored to Pittsburgh where they are spending several days.

Misses Irene and Theodore Gluck, of Lansford, are visiting friends in Gettysburg over the week-end.

A. Z. Rogers, York street, has returned from a two weeks trip through the western part of the state.

Miriam, daughter of Mr. and Mrs. Walter Craumer, Abbottstown, had her tonsils removed at the York hospital.

Mrs. Beulah Stallsmith, New Oxford, was discharged from the Warner hospital.

Flashes of Life

PREMATURE CELEBRATION

Reading, Pa. (AP)—Santa Claus came early for Albert Pfenning, 5, and Skipper Komodi, 4.

They disappeared. Police searched the city for five hours—and finally found them in the Pfenning attic playing with toys that Albert wasn't supposed to discover until Christmas.

FIRE HAZARD

Columbia, S. C. (AP)—Fire-cautious retail stores are keeping a watchful eye on their baby pants.

Fire Chief A. McC. Marsh said he had received a report that tests showed a \$56,000 fire at a 5 and 10 cent store here last September was caused by spontaneous combustion in 52 dozen baby pants.

CHRISTMAS GIFT

Huntington Park, Calif. (AP)—Christmas street decorations won't have lights this year. Dim-out, you know.

So Chairman Harry J. Weinberg of the chamber of commerce has presented a \$1,200 check to the Treasury department for the operation of its war bond sales office here.

That's what it used to cost to buy and operate the 20,000 holiday lights.

STARTLING SERVICE

Kansas City (AP)—Ralph Hurst had just been talking about how the war had slowed mail service a bit.

That is why he blushed when he noticed the envelope on his desk. It was postmarked out of Philadelphia, "Nov. 21, 1942."

500 WOMEN EMPLOYED

Erie, Pa., Nov. 19 (AP)—Erie industries added 500 women to the payrolls during October, the U. S. Employment service here reported. A survey of the service showed 6,505 women were employed. Erie's total employment in October was 36,613, compared with 21,817 in October, 1941.

Registration Of Tires Started

Harrisburg, Nov. 19 (AP)—Registration of tires under the mileage rationing plan starts today in the unrationed gasoline area of the state and will continue through tomorrow.

The Office of Price Administration explained that failure to register may result in revocation of gasoline ration cards.

Motorists, registering at schools, must produce their gasoline rationing books, automobile registration cards and serial number of their five tires. The new mileage rationing plan starts December 1.

Governor James appointed T. Elmer Transeau, State Highway safety engineer and Pennsylvania's former rationing administrator to lead a tire conservation program aimed at reducing mileage of commonwealth-owned vehicles by 40 per cent.

The appointment was asked by the OPA, which also requested the Governor to direct local governments to set up their own tire conservation administrators.

Republican Women Banquet Tonight

Harrisburg, Nov. 19 (AP)—Delegates to the 20th annual meeting of Pennsylvania Council of Republican Women today wound up their final business sessions in preparation for the convention banquet.

The more than 1,000 delegates attending the two-day session considered a resolution asking equal pay for women in industry and the military service.

Mrs. John T. Hieber, of Towanda, was named to install newly-elected officers.

The principal speaker at tonight's banquet will be Mrs. Clare Boothe Luce, congresswoman-elect from Connecticut, and also scheduled to make addresses are Governor James and Governor-Elect Edward Martin.

44 DIE; 400 SICK IN OREGON AFTER DINING ON EGGS

Salem, Ore., Nov. 19 (AP)—Forty-four inmates of Oregon State hospital for the Insane died and 400 were stricken ill after dining last night on scrambled eggs which Superintendent J. C. Evans said probably poisoned them.

Dr. Evans said he believed most of the 400, many of them violently ill, "have a chance for recovery."

Within 15 minutes after the evening meal victims began complaining of violent cramps. Within an hour came the first death and by 10 p. m., five hours after the meal 10 had died.

Dr. Evans said he believed that frozen eggs served scrambled contained a poison possibly as the result of a chemical reaction. The eggs, the superintendent said, were obtained from the Federal Surplus Commodities Corporation.

Dr. Evans described the reaction of the victims this way:

"They had nausea, vomited blood, and showed evidence of an acute toxic condition. Respiratory paralysis and violent cramps in the legs preceded death."

All Deaths in Same Ward
"Those who were not strong passed out immediately and died."

All the deaths, 32 men and four women, occurred in four wards. Inmates of a fifth were ill. Dr. Evans said, but an attendant there tasted the eggs before they were served and allowed only a small amount to be eaten.

The superintendent said that a third of the two-ton shipment of eggs had been served previously without ill effects. They were received two or three months ago from the government agency, packed in two-gallon tin containers, and were frozen en route from Portland in a refrigerator truck.

Upon arrival in Salem, they were placed in the hospital's cold storage

Heyburn Seeking Senate Leadership

Concordville, Pa., Nov. 19 (AP)—State Senator Weldon R. Heyburn, Delaware county republican and a political ally of governor-elect Edward Martin, will be a candidate for Senate majority leader in the 1943 Legislature.

Heyburn announced his candidacy last night and said he did not know of any other senators seeking the post. Senator James A. Geltz, Allegheny county republican, led the majority in the last Senate and Heyburn said "it was his intention some time ago not to seek reelection."

Heyburn was chairman of Martin's Delaware county campaigns for both the nomination and the election. In the primary campaign the strong Delaware county republican organization backed Senator James J. Davis and gave him a 9,000 vote majority. The county rolled up a 30,000 lead for Martin in the general election.

Heyburn declined to say whether he had assurances of support from Martin.

HORSE MEAT SOON

Los Angeles, Nov. 19 (AP)—Horse meat soon is to make its appearance in meat markets here—for those who want it. Packer A. Gianni has announced plans for building a plant for slaughtering horses from western

room, where a temperature of zero Fahrenheit is maintained.

Part of five tons were served at luncheon yesterday in rice pudding, and the remainder scrambled for dinner.

Eggs similarly prepared had been delivered to other state institutions, Dr. Evans said, and eaten without ill effect.

states and marketing the meat for human consumption. "There are thousands of people who have eaten horse meat," says Gianni. "The sale or consumption of horse meat to those who care to eat it will help solve the shortage of beef, pork and Lamb." Health authorities say there is no law prohibiting sale of such meat.

Theater Loses Suit By 285-Pound Woman

San Francisco, Nov. 19 (AP)—Justices of the United States court of appeals decided that if a 285-pound woman crashes through a theatre seat, the theatre is responsible.

Mrs. Jean Forsythe of Los Angeles thereby won the right yesterday to \$25,000 damages from a theatre there, which had appealed.

"The ticket seller saw that the woman was 285 pounds of solid flesh," read Judge William Denman's "and yet he sold the ticket. The usher showed her to the seat although he, too, observed her size."

The plea that Mrs. Forsythe had not shown due care by examining the seat before she sat down was brushed aside by the judge with the comment:

"Impossible, in a dimly-lighted theatre."

Chapter 27
13-13

Sitting high in the stadium Susan knew her faith in Todd had to be justified. No use kidding herself—there would be an awful hurt if Todd let her down.

There wasn't much sun and the air was sharp and a little on the cold side. Susan sat with Amy, Jane and Annie, two large blankets thrown over their laps.

Luttrell won the toss and chose to kick off. Susan and Anne took one last tight look at each other and then Andy Duchek moved forward. His toe swung into the ball and it sailed almost to the goal line where it was taken by Ken Magruder, Michigan's tricky half-Magruder picked his way to the 35 before Johnny Harris brought him down.

It took exactly three plays to show just how tough that Michigan team was. Canning blasted through for 12. Magruder went for 15 on a reverse and on the first play of the next sequence Magruder faded back and pegged the ball 30 yards diagonally to Puchinsky, the left end who took it on the dead run and raced the remaining 20 yards unmolested. Magruder converted and Michigan led, 7-0 in the first minute and a half of play.

It was a stunning start but Luttrell, confident, encouraging, pepped 'em up on the next kick-off.

"Okay, Johnny . . . Chuck . . . Andy, boy . . . let's get it back and another for good measure . . ."

It wasn't quite that easy. Michigan seemed to settle back and wait for a break, meanwhile piling up everything State tried. Todd sent Duchek into the middle, off the tackles, but they got nowhere. He tried Eddie on their favorite deep reverse and saw a grinning Puchinsky murder the play. He took to the air and tried to connect to Bert Elliot or Eddie but his receivers were covered with a blanket of blue-shirted defenders.

Todd sponged his face during a time-out took deep breaths. He looked up at the crowd. There were a couple of gentlemen named Talbott and Crane somewhere up there hoping for a tie. That Talbott guy—a slick one.

"You're bound to find yourself in a beautiful spot to come through for us. You wait and see," Talbott had mocked over the telephone. "It'll be so easy you won't be able to resist it. Twenty-five hundred bucks, Malone, and we'll be the judge. Easy judges, too . . . just call one wrong . . . or maybe drop a punt . . . twenty-five hundred, sucker . . . or maybe you aren't a sucker, Malone . . ."

The referee came over and told Eddie that time was in.

Late in the second quarter Duchek fumbled on his own 35 and Michigan went into high gear again, smashing through for a first down in three plays. Then Magruder, coming out of a half spin lobbed the ball to Canning. Canning fired back. Magruder picked his way to the 35 before Johnny Harris brought him down.

Almost paralyzed, Susan saw a re-

ceiver get beyond Todd. Todd turned too late but the Michigan receiver was too eager. With a certain touchdown in sight he dropped the ball.

A great sigh of relief rolled up. "Boy, was Malone lucky then . . .!" someone in front of Susan said.

Todd just didn't see that receiver. Susan told herself. He just didn't. State held for downs and the half ended.

Fast Going

Susan wasn't much interested in the half-time ceremonies, the homecoming queen and her court and the special band numbers. She sipped hot coffee and thought of the near-touchdown pass that went over Todd's head.

Pete Bailey fanned 'em up between halves. "Let's get one quick," Eddie said to Todd and Todd nodded, his mouth tight.

Todd almost got it by himself. After an exchange of punts he slashed around right end for 25, breaking into the clear, but a shoe-string tackle brought him down. He powered through the middle with Andy Duchek and then passed to Elliot for 15.

He faded back for another pass and then exercised his favorite option. His receivers were covered and the Michigan linemen came in too fast. Todd took off between the end and tackle, streaked out wide and cut in. Someone set up a good block for him downfield. Todd reversed his field shock off two Michigan men and went the rest of the way untouched. There was bedlam as he tied the score a few seconds later.

"That's working fella," Eddie shouted to Todd, slamming him on the back.

It startled Todd. ". . . Tying it up . . ."

Michigan broke the tie five minutes later. Canning ripped the State line wide apart. He was a 200-pounder with vicious drive. He ate up 40 yards in four attempts, and then Magruder, taking it on a beautiful Statue of Liberty, swept 10 yards around State's end for the touchdown.

Chuck Stein exploded through to block Magruder's conversion attempt and the score was 13-7.

Bailey rushed in reserves but the State line weakened fast. Pushed back to their 25, Todd punted on second down.

"Hey, what's the idea . . . ?" a

Immigration Laws Blamed In Part For World Situation Now

Chambersburg, Pa., Nov. 19 (AP)—United States immigration laws and our treatment of the losers in the last war were blamed in part yesterday by Dr. John Alexander Mackay, president of the Princeton Theological seminary, for the present world situation.

The world is wrapped in gloom, Dr. Mackay said in an address to students and faculty at a contemporary affairs convocation at Wilson college, "because of disillusionment and lost idealism as a result of the

huddle. There was the smash of bodies. Todd cracked in head of Andy. Then they were smothered but he heard the tremendous roar and knew Andy had gone over.

Someone pulled him to his feet. "All tied up again!" Eddie yelled. "Make this kick good . . .!"

Todd stumbled back to the huddle physically numb but the word "tie" had set his brain in motion again. It was 13-13 and it was up to him. It seemed he could hear only one person among 75,000 who were screaming. It seemed Ben Talbott was saying very softly:

"Twenty-five hundred bucks for a tie . . ."

Just Folks

By Edgar A. Guest

RUMOR

Kill a rumor on the spot. Let it die and be forgot.

If you seem to pass it on. It will soon be dead and gone.

Be polite, but be discreet. Ugly stories don't repeat.

If it's whispered around you. You can bet it isn't true.

If it's good news for the foe. Ten to one it isn't so.

To be silent's very wise. Unrepeated rumor dies.

If it's vicious if it's vile. Think it over for awhile.

And then kill it. Be the one. Much too smart to pass it on!

Today's Talk

By George Matthew Adams

DEEP IN THE INVISIBLE

General Smuts once spoke of that notable character, General Louis Botha, as a man who "had his roots deep in the invisible."

General Botha was one of 13 children. His father, who owned a great stock-farm in the Orange Free State, at his death left the vast estate to them all. At a meeting of the children it was decided to divide the inheritance. Botha, who was at that time under 21 years of age, had done much of the managing—the children being quite scattered over the area and rarely seeing each other. He wanted the estate left intact under his management.

This decision to divide hurt to the quick the young Botha, and so he decided to take his leave with what tangible effects he could gather and set off for Natal. The story of his life as soldier-statesman is all too well known, but, as one writer has said of him: "Great as a soldier, greater as statesman, he was greatest as friend by right of his sheer humanity and sympathy."

How greatly our fellow human beings are misjudged and misunderstood. How very many of them have their "roots deep in the invisible." The entire world learned that about Abraham Lincoln—after the smoke and terror of war had blown away, then all that patient and sympathetic understanding of his loomed like a vast light on the horizon.

The entire world today is going through its Gethsemane—its terrifying pains, preceding its birth. Deep in the invisible—deep in the hearts of those who are giving of all that they have to give and deep in the hearts of all those who believe in the sure triumph of the right to live free and happy, is that invisible something that drives them nearer and nearer to the accomplishment of victory.

Perhaps it was the original purpose of the Creator to bury deep and conceal the most precious of Earth's gifts and secrets—keeping them invisible until the aspiration and necessity of man could ripen to an appreciation of their benefits.

How short is our spiritual sight into the paths that lead to the invisible! What a challenge to our unborn faith and the everlasting courage that we all should own.

Tomorrow Mr. Adams will talk on the subject: "Buying Happiness."

New Highway To Alaska To Be Opened On Friday

MIGHTY CONVOYS OF SUPPLIES TO GO NORTHWARD

Whitehorse, Yukon Territory, Nov. 19 (AP)—A ribbon of red, white and blue will be slashed and flung to the arctic wind Friday, opening the Alaska highway.

Between the fluttering colors of the United States and Canada will roll an Army truck manned by two soldiers, to be followed by cars bearing civil and military officials of the two nations. This will be the vanguard of a series of mighty convoys—convoys safe from submarines and all but immune to air attack—which will move north toward Japan.

Dignitaries of Canada and Alaska will join the jubilant northwest service corps in celebrating the epochal engineering feat of the war, a road pushed 1,681 miles through one of the world's great wildernesses in seven months and seventeen days.

Build 8 Miles Daily
Last March 17, the final agreement on the project between the United States and Canada was announced. November 3 Corp. Refines Sins, Jr., a Philadelphia negro, and Alfred Jalufka, of Kennedy, Texas, almost drove their bulldozers into each other near the Alaska-Yukon border.

Originally planned to be only nine feet wide, it was found practicable to make the road twice that width and still maintain a construction pace of eight miles a day. Two hundred streams had to be bridged, vast areas of treacherous, swampy muskeg had to be crossed.

Much of the construction was through mountains, but surveyors found one of the lowest passes in the continental divide, 4,212 feet in altitude.

Hard-packed snow, kept clear by numerous snowplows, affords good winter travel. In the late spring thaw, there will be mud, and river ice crushing against bridges, to bring grave problems. But already a huge force of public roads administration workers is on the job, putting in all-year gravel surface and building sturdy bridges.

Meets Alaska Railroad
The new road extends from Fairbanks, Alaska, to Dawson creek, Alberta. At its northern terminus, it connects with Alaska's sole railroad of any importance, the government line from Fairbanks to Anchorage, the Army's headquarters, and with the latter city's seaports of Seward and Whittier. It also connects with the Richardson highway, which runs from interior Alaska to the seaport of Valdez.

Dawson creek is the railroad of the Canadian National, the northern "jumping-on place" for all the vast northwestern wilderness.

At Dawson creek it also strikes an existing auto road to Edmonton, capital of Alberta, from which railroad and highways stretch out to a score of points on the United States border.

Airfields Parallel Road
Paralleling the new road is a string of military airfields connecting the west and Midwest with Alaska bases. Importance of supplying these vital aerial outposts was a prime reason for choosing the present route in preference to the long-favored tourist highway nearer the coast.

"The Alaska highway has been hailed as 'the new northwest passage' and 'America's Burma road,'" but to Alaskans it is more in the nature of a bridge.

Anthony J. Dimond, Congressional delegate from Alaska, points out that the territory has only now become a part of the continent for practical purposes.

Carrie Codori, Mabel Grenoble and Mrs. Fred Faber motored to Pittsburgh where they are spending several days.

Misses Irene and Theodore Gluck, of Lansford, are visiting friends in Gettysburg over the week-end.

A. Z. Rogers, York street, has returned from a two weeks trip through the western part of the state.

Born to Mr. and Mrs. Lester W. Wagner, Berwick township, a daughter.

Born to Mr. and Mrs. Elmer Wise, Harrisburg, a daughter. Mrs. Wise is a granddaughter of Mr. and Mrs. Samuel K. Ehrhart, Abbotstown.

Mrs. Charles Berkheimer, Abbotstown, was taken to the Warner hospital, Gettysburg, for treatment.

Miriam, daughter of Mr. and Mrs. Walter Cramer, Abbotstown, had her tonsils removed at the York hospital.

Mrs. Beulah Stallsmith, New Oxford, was discharged from the Warner hospital.

A surprise party was held on Nov. 17, at the home of Mr. and Mrs. John G. Hoffman, near town, in honor of Mrs. Hoffman's birthday.

John Miller, near Abbotstown, fell and cut a gash on his right eye.

Edward Mummert will erect a new house in Abbotstown.

Gerald Kofler, McSherrystown, was discharged from the Warner hospital Thursday.

Miss Mildred Grove, Abbotstown, fell while carrying a glass pitcher and cut a gash in her right arm.

Flashes of Life

PREMATURE CELEBRATION

Reading, Pa., (AP)—Santa Claus came early for Albert Pfennig, 5, and Skipper Komodi, 4.

They disappeared. Police searched the city for five hours—and finally found them in the Pfennig attic playing with toys that Albert wasn't supposed to discover until Christmas.

FIRE HAZARD

Columbia, S. C. (AP)—Fire-cautious retail stores are keeping a watchful eye on their baby pants.

Fire Chief A. McC. Marsh said he had received a report that test store had a \$56,000 fire at a 5 and 10 cent store here last September was caused by spontaneous combustion in 52 dozen baby pants.

CHRISTMAS GIFT

Huntington Park, Calif. (AP)—Christmas street decorations won't have lights this year. Dim-out, you know.

So Chairman Harry J. Weinberg of the chamber of commerce has presented a \$1,200 check to the Treasury department for the operation of its war bond sales office here.

That's what it used to cost to buy and operate the 20,000 holiday lights.

STARTLING SERVICE

Kansas City (AP)—Ralph Hurst had just been talking about how the war had slowed mail service a bit.

That is why he blushed when he noticed the envelope on his desk. It was postmarked out of Philadelphia, "Nov. 21, 1942."

300 WOMEN EMPLOYED

Erie, Pa., Nov. 19 (AP)—Erie industries added 300 women to the payrolls during October, the U. S. Employment service here reported.

A survey of the service showed 6,505 women were employed. Erie's total employment in October was 36,613, compared with 21,817 in October, 1941.

Registration Of Tires Started

Harrisburg, Nov. 19 (AP)—Registration of tires under the mileage rationing plan starts today in the unrationed gasoline area of the state and will continue through tomorrow.

The Office of Price Administration explained that failure to register may result in revocation of gasoline ration cards.

Motorists, registering at schools, must produce their gasoline rationing books, automobile registration cards and serial number of their five tires. The new mileage rationing plan starts December 1.

Governor James appointed T. Elmer Transeau, State Highway safety engineer and Pennsylvania's former rationing administrator to lead a tire conservation program aimed at reducing mileage of commonwealth-owned vehicles by 40 per cent.

The appointment was asked by the OPA, which also requested the Governor to direct local governments to set up their own tire conservation administrators.

Republican Women Banquet Tonight

Harrisburg, Nov. 19 (AP)—Delegates to the 20th annual meeting of Pennsylvania Council of Republican Women today wound up their final business sessions in preparation for the convention banquet.

The more than 1,000 delegates attending the two-day session considered a resolution asking equal pay for women in industry and the military service.

Mrs. John T. Hieber, of Towanda, was named to install newly-elected officers.

The principal speaker at tonight's banquet will be Mrs. Clare Boothe Luce, congresswoman-elect from Connecticut, and also scheduled to make addresses are Governor James and Governor-Elect Edward Martin.

44 DIE; 400 SICK IN OREGON AFTER DINING ON EGGS

Salem, Ore., Nov. 19 (AP)—Forty-four inmates of Oregon State hospital for the Insane died and 400 were stricken ill after dining last night on scrambled eggs which Superintendent J. C. Evans said probably poisoned them.

Dr. Evans said he believed most of the 400, many of them violently ill, "have a chance for recovery."

Within 15 minutes after the evening meal victims began complaining of violent cramps. Within an hour came the first death and by 10 p. m., five hours after the meal 10 had died.

Dr. Evans said he believed that frozen eggs served scrambled contained a poison possibly as the result of a chemical reaction. The eggs, the superintendent said, were obtained from the Federal Surplus Commodities Corporation.

Dr. Evans described the reaction of the victims this way:

"They had nausea, vomited blood, and showed evidence of an acute toxic condition. Respiratory paralysis and violent cramps in the legs preceded death."

All Deaths in Same Ward
"Those who were not strong passed out immediately and died."

All the deaths, 32 men and four women, occurred in four wards. Inmates of a fifth were ill, Dr. Evans said, but an attendant there tasted the eggs before they were served and allowed only a small amount to be eaten.

The superintendent said that a third of the two-ton shipment of eggs had been served previously without ill effects. They were received two or three months ago from the government agency, packed in two-gallon tin containers, and were frozen en route from Portland in a refrigerator truck.

Upon arrival in Salem, they were placed in the hospital's cold storage room, where a temperature of zero Fahrenheit is maintained.

Part of five tins were served at luncheon yesterday in rice pudding, and the remainder scrambled for dinner.

Eggs similarly prepared had been delivered to other state institutions, Dr. Evans said, and eaten without ill effect.

Heyburn Seeking Senate Leadership

Concordville, Pa., Nov. 19 (AP)—State Senator Weldon R. Heyburn, Delaware county republican and a political ally of governor-elect Edward Martin, will be a candidate for Senate majority leader in the 1943 Legislature.

Heyburn announced his candidacy last night and said he did not know of any other senators seeking the post. Senator James A. Geltz, Allegheny county republican, led the majority in the last Senate and Heyburn said "it was his intention some time ago not to seek reelection."

Heyburn was chairman of Martin's Delaware county campaigns for both the nomination and the election. In the primary campaign the strong Delaware county republican organization backed Senator James J. Davis and gave him a 9,000 vote majority. The county rolled up a 30,000 lead for Martin in the general election.

Heyburn declined to say whether he had assurances of support from Martin.

Horser Meats Soon

Los Angeles, Nov. 19 (AP)—Horse meat soon is to make its appearance in meat markets here—for those who want it. Packer A. Gianni has announced plans for building a plant for slaughtering horses from western

states and marketing the meat for human consumption. "There are thousands of people who have eaten horse meat," says Gianni. "The sale or consumption of horse meat to those who care to eat it will help solve the shortage of beef, pork and lamb." Health authorities say there is no law prohibiting sale of such meat.

Theater Loses Suit By 285-Pound Woman

San Francisco, Nov. 19 (AP)—Justices of the United States court of appeals decided that if a 285-pound woman crashes through a theatre seat, the theatre is responsible.

Mrs. Jean Forsythe of Los Angeles thereby won the right yesterday to \$25,000 damages from a theatre there, which had appealed.

"The ticket seller said that the woman was 285 pounds of solid flesh," read Judge William Denman's "and yet he sold the ticket. The usher showed her to the seat although he, too, observed her size."

The plea that Mrs. Forsythe had not shown due care by examining the seat before she sat down was brushed aside by the judge with the comment:

"Impossible, in a dimly-lighted theatre."

Coroner Puzzled By Couple's Death

Warren, Pa., Nov. 19 (AP)—Coroner Ed Lowery reported the bodies of a man and woman found yesterday in a Warren dwelling were in such condition he could not determine whether the deaths resulted from violence or natural causes.

Lowery identified the bodies as those of Mrs. Lillian Althoff and Glenn Schoonmaster, each about 45 years old, of Warren. Neighbors reported they had last seen the two Friday evening.

Heat from a furnace turned on full force filled the house, and a kitchen stove burner was lighted under a stew pan containing glass jars which had exploded, Lowery said.

RADIO PROGRAMS

New York, Nov. 19 (AP)—The Blue network has announced an eight-hour program spread over a 12-hour period for Christmas Day, while CBS will have two two-hour productions, one Thanksgiving and the other on Christmas.

The Blue show, probably the most ambitious ever attempted, at least from the standpoint of length of time on the air, actually will be an augmentation of the spotlight band series which runs six nights a week.

The presentation will start at noon and continue intermittently until midnight. The entertainment is to be supplied by 40 or so bands playing from service camps.

The Thanksgiving and Christmas two-hour shows on CBS will be heard in the afternoons as directed to fighting men. Among the features is to be Elsie Janis, "Sweetheart of the first AEF."

THE WAR TODAY

By DEWITT MACKENZIE

Cairo, Nov. 19—Major offensives like the Allied drives to destroy the Axis in North Africa draw their striking power from many sources and present operations are getting great strength from a strategic development which has been achieved so quietly that many of its features still remain secret.

Since this is likely to play an increasingly important part in the Mediterranean campaign, it is necessary that we know something of it. So if you'll dig out your maps of Africa I will show you what I mean.

Now, if you will flip a dime towards the heart of the dark continent it will fall close to a big panel known as French Equatorial Africa.

That is the fighting French territory, which has Chad on the north and reaches southward to include Ubangi-Shari, the French Cameroons, the Middle Congo and Gabon. Brazzaville, way down on the Lower Congo, is the capital of this huge area which pokes its hot nose close to the Equator and likes it.

Significant Location
French General Mangin once remarked that he who holds Chad, holds Africa. A map will help you get the significance of this statement in part, but you've got to see the recent works of man in this still largely primitive vastness to understand it in full.

I've just made my way across this zone by the sweat of my brow and have discovered what Mangin meant. First off, you will note on your maps that if French Equatorial Africa had been controlled by Vichy, Africa was adjoining French West Africa, there would have been a huge barrier dividing Allied territory right through the whole area

almost from the Equator to the Mediterranean. That in itself would have created a grave handicap and prevented the strategic development which I shall describe.

Chad, which lies against Italian Libya, is the military key to this part of Africa.

Joined Fighting French

Fighting French leaders foresaw Hitler's plan to use North Africa to gain domination of the Mediterranean and, right after the fall of France, moved to secure control of Chad.

This key position was under the powerful governorship of General Eboue, a huge negro who was one of the most capable administrators in the empire. He elected to stand with the fighting French and as a result all French Equatorial Africa joined the Allies.

This was done before any effort was made to raise a fighting French Army for this region, which lies at the rear of the Axis battlefield. Since then an Army and military resources have been developed and we shall hear much more of them before this conflict is finished.

French Equatorial Africa now provides a span for an Allied bridge right across Africa.

During the past two years the fighting French and the other Allies have joined hands in pioneering an almost incredible chain of developments from the Atlantic coast, clear across Africa to the Middle East.

Communications Established
The Allies have performed the historic feat of a complete line of air and water communication through the heart of this no-man's land.

Thus, day and night, there stream across Africa supplies and personnel needed on Allied fronts from North Africa clear to far-off China. Here we follow one of the difficult but straight and narrow paths to victory.

That's not the whole story, however. There have been great industrial developments both in fighting French territory and in other Allied countries.

Ancient and broken-down caravan towns have been modernized and become throbbing centers of Allied efficiency. Places like Brazzaville, which were just collections of native huts, have been set on the road to progress and become international cities in which French, Americans, British, Belgians, Poles and what-not brush shoulders in the public square.

Providing Supplies
Along with manufacturing, there has been a notable increase in cattle raising and agriculture. In short, this vast belt is a mill which is grinding grain for the Allies and laying up stores for future demands.

Naturally, all this spells enlightenment and progress, not only commercial but social, for this hitherto largely undeveloped part of the world. Believe me, civilization has pulled on its seven-league boots to make this crossing of jungles and deserts.

They say it's an ill wind that blows nobody good, and on that basis it's true that the Hitlerian horror, which has brought tragedy to most of mankind, is lifting the black head of primitive Africa.

Already advancement has been achieved which might otherwise have required a generation. Not all the story can be told now, but I hope to report something further in a subsequent article.

Lincoln Gave Rocking Chair To And Helped Revive Fainted Woman Nov. 19, '63

President Demonstrated His Humanness; Honored Burns; Attended Church Services

Today is the 79th anniversary of Lincoln's immortal Gettysburg Address delivered upon the occasion of the dedication of the Gettysburg National Cemetery.

The anniversary this year holds more significance than ever before. The words spoken by Lincoln here more than three-quarters of a century ago, symbolize the objective of freedom-loving people... the cause they are fighting for around the world today.

The Gettysburg Times presents some additional sidelights of that memorable occasion, November 19, 1863. There is appended an article by Wayne Whipple and published in The Youth's Companion November 19, 1914. It was made available to The Gettysburg Times by Mrs. Elsie Singmaster Lewars, noted authoress. The article follows:

There have been many disputes as to when Abraham Lincoln wrote his Gettysburg speech, but in 1894 Colonel Nicolay, one of President Lincoln's private secretaries, published facsimiles that proved, beyond doubt, that most of the little speech was written before the President left the White House.

A year later, Noah Brooks, a Washington newspaper correspondent and a friend of Lincoln, related an anecdote in corroboration. When he and the President, he said, were on their way to a photographer's on the Sunday before the Gettysburg Address was delivered, Mr. Lincoln showed him the printer's proofs of Edward Everett's oration, and laughingly quoted the familiar sentiment: "Sold men of Boston, make no long orations!"

Wrote Short Speech

Then he expressed his sincere appreciation of Mr. Everett's thoughtfulness in sending his address beforehand to him, in order that their minds might not by any chance run in the same channel at Gettysburg. "No danger of that," he concluded, with a shrug, "for my speech will be short, short, short!"

"Then you have written yours?" asked Mr. Brooks.

"Yes, it's written—but not finished."

On the train to Gettysburg, the President had no opportunity to write anything—the conversation, the greetings, and the questionings that ordinary courtesy required him to undergo, combined with the rocking and jolting of the train, rendered writing virtually impossible.

Accounts differ, also, as to the time of Edward Everett's arrival at Gettysburg. One account says that Mr. Everett had had the date of the exercises postponed nearly a month to suit his own convenience, he delayed the proceedings by not reaching the town until after the hour set for the speaking to begin. But Dr. Henry E. Jacobs, dean of the Philadelphia Theological Seminary at Mount Airy, proves that this statement is unjust to Mr. Everett. Mr. Jacobs was a young man then, living in Gettysburg, where his father Michael Jacobs, was professor of mathematics in Pennsylvania College.

Lincoln's Train Late

"I saw Mr. Everett in the little station on Carlisle Street the evening before the exercises at the cemetery," says Doctor Jacobs. "He was waiting to welcome the President and his friends. I was about as much interested in Edward Everett, just then, as in Abraham Lincoln himself, for Everett had been a member of Congress, Governor of Massachusetts, minister to England, president of Harvard College, Secretary of State, Senator from Massachusetts, and candidate of the 'Constitutional Union' party in 1860 for Vice President of the United States; and he was recognized as the greatest orator of his day—in America, at least. The aristocratic features and beautiful wavy silver hair of Edward Everett, in striking contrast with the faces of the crowd waiting that evening to see the President's special train pull in, made a strong appeal to my youthful mind."

"The train came late. We all followed Abraham Lincoln to the house of Mr. David Wells—on the corner of 'the Diamond,' as the principal square was called. There was a band, of course, which serenaded the President, but the people were thoughtlessly impatient. They did not allow time enough for the President and his party to partake of supper.

Plagues Admirers

"But, whether he had supped or not, the President's tall form soon appeared. I can see him now, as he came out and stood on the front steps, with his whimsical, good-natured smile, to comply with our demand for a speech—by not making one!"

"I appear before you, fellow citizens," he began, in high-pitched, resonant tones, "merely to thank you for this compliment. The inference is a very fair one that you would hear from me for a little while, at least, were I to commence to make a speech. I do not appear before you for the purpose of doing so—and for several substantial reasons. The most substantial of these is that I have no speech to make! (Laughter.) In my position, it is somewhat important that I should not say any foolish things."

"A voice from the crowd: 'If you can help it!'"

"Mr. Lincoln turned quickly, and laughed at this sally, and went on, by way of reply: 'It very often happens that the only way to help it is to say nothing at all! (Laughter.) Believing that is my present condition this evening, I must beg you to excuse me from addressing you further.'"

"The assembled people were mightily pleased with this humorous substitute for a speech. He had said nothing, but he had said it well. They moved laughingly away, happy in seeing him and hearing his voice."

Bright, Clear Day

Thursday, November 19, 1863, dawned bright and clear, and became as warm as a day in Indian summer. The procession began to form. The President appeared, all in black, except for his white gloves, and with the tall hat, which added to the effect of his height. He had put the finishing touches on his speech, and carried the completed copy in his pocket.

The people, early and alert, crowded round, in order to shake hands with him; they quickly soiled his white gloves, but never ruffled his temper in the least. His horse happened to be on an unusually low-bodied creature, so that when Lincoln's great boots were not in the stirrups they nearly touched the ground. The inevitable wag in the crowd noticed it, and cried out:

"Say, Father Abraham, if she goes to run away with yer, you jest stand up on the ground and let 'er go!"

Many Delays

Although the newspapers reported that the procession started promptly, there were numerous delays, and it was about twelve o'clock before the exercises at the cemetery began. Among those who found a good place near the speaker's platform were a plainly dressed Pennsylvania Dutch farmer, Jacob, and his wife, Lydia, who had driven over from Ephrata the day before. They had come, bright and early, and taken their stand directly in front of the platform. The crowd increased during the forenoon, until it was estimated that there were about fifteen thousand people present. Of course there was a good deal of crowding and jostling, and Jacob and Lydia had all they could do to keep their places. With all the pushing and pulling, and the weary waiting in the warm sun, they agreed that they were more tired than if they had worked all day in a hayfield.

The coming of the procession and the seating of the dignitaries at last diverted their attention. Lydia watched the President as he took his seat in the rocking-chair that some one, knowing his preference, had provided for him. While Lydia stood watching the President, everything grew black before her eyes, and she began to have the horrible sensations known only to those who have felt themselves fainting in the midst of an immense crowd.

Helps Fainted Woman

"A woman has fainted!" she heard a voice out of chaos exclaim. There was some confusion, and the crowd, instead of giving her more room, pressed in around her, and made it impossible for her husband, or anyone near, to lend her a helping hand. Above this crowding and confusion, she heard a high, clear voice call in tones of gentle command: "Here, hand that woman up to me! Let me get hold of her!"

She felt the firm, strong hands seize her arms, and she was lifted up—it seemed to her—out of all her troubles.

When Lydia regained consciousness, she found herself leaning back in that rocking chair on the platform, and felt ten thousand pairs of eyes riveted upon her, while she was being slowly fanned by the President of the United States! That was too much for the plain, shrinking woman from Ephrata.

"I feel—better—now, I—want to go back to my Yacobi!" she gasped, as she looked appealingly into Mr. Lincoln's kind, reassuring eyes. And she emphasized by a gesture her wish to retire from her conspicuous position.

"Oh, now, my dear madam," said Mr. Lincoln, "you're all right. Stay just where you are—right here beside me. It was all I could do to pull you up out of that crowd, and

I'm sure I couldn't put you back again!"

Crowd Is Restless

And Lydia, seeming to forget all about the ten thousand pairs of eyes gazing at her, sat contentedly there, "high and lifted up," looking down now and then at her poor, tired husband, while the periods of Edward Everett's two-hour oration rose and fell in measured cadences over the heads of the multitude, which no longer noticed the little woman on the stage.

The crowd soon began to grow restless. Some of the men began to work their way out. Young Henry Jacobs, the admirer of Edward Everett, improved this opportunity to edge up closer to the platform.

"I doubt if one-third of those present," said Doctor Jacobs, fifty years afterward, "could hear the speaker that day. I could hear Mr. Everett distinctly only after I had made my way to the front. I thought he spoke almost too easily—making it quite evident that he had committed his oration to memory. There were three introductions to this address, and several 'false alarms' before its close; but Mr. Lincoln, who had read the proof, knew when the end was approaching, for he began to reach for his own speech when he heard Mr. Everett pronounce, in round tones

The Martyred Lincoln

Steady Speech

"And now, friends, fellow citizens of Gettysburg and Pennsylvania, and you from remoter states, let me again, as we part, invoke your benediction on these honored graves."

"While Mr. Everett went on with the closing words of his oration, Mr. Lincoln took from his pocket a crumpled leaf or two, slowly put his spectacles down near the end of his nose, and began to study the paper intently, with the air of a boy who hasn't quite learned his lesson and is about to be called upon to recite. Having run through his own brief address, he again regarded Mr. Everett with profound attention over the rims of his glasses, as he mechanically stuffed his crumpled manuscript back into a capacious inside pocket, where it seemed to be forgotten, while the distinguished orator concluded.

"Of course there was a prolonged applause" after such a prolonged oration. Then a hymn, composed by Mr. B. B. French of Gettysburg, was sung. It was a creditable poem while we were singing the five stanzas of this dirge, the President's anxiety about his speech was again manifest, and he stood conning his

manuscript with furtive glances over his glasses, when were still perched on the tip of his nose. When the time for his address came, he stepped forth, proudly erect except for the slight stoop of the shoulders, as if he had felt all the weight of the solemn responsibility of the occasion resting upon them. He paused, and that greeted him.

Voice Is Strained

"At first his voice sounded a little strained and high-pitched, as if he were trying to throw his words to the outer edge of the crowd. He held in his right hand the manuscript that he had brought from the White House, and the single page of bluish paper on which he had penciled his closing words at Mr. Wells'. Toward the end of his address I noticed that he held the pages straight down in front of him, tightly grasped at each side,

as if they were a slate. He seemed unconsciously to be trying to straighten out the wrinkles. He glanced at them perfunctorily; I do not think he really saw the words written on them. When he came to the clauses, "that government of the people, by the people, and for the people," he emphasized the words of "by" and "for" with a stiff yet sweeping bend of his body, holding the manuscript rigidly in both hands, with his arms straight down before him, and bowing to the right, to the left, and to the front, as he pronounced the three prepositions. Then he drew himself up to his immense height, and stood grandly erect, with arms outstretched, as he impressively uttered the final words, "shall not—perish—from—the earth!"

Surprised at Brevity

"The people applauded this, of course—they had already interrupted him several times during his two-

minute address; but they were surprised to see the President take his seat so soon. They did not realize that his part was only to consecrate the ground as a national cemetery. Many of those who had gone away during Mr. Everett's oration were returning to hear, it possible, what the President had to say. It is absurd to say that there were no signs of approval during Lincoln's address, or after it, that day. If Abraham Lincoln had stood up and repeated the multiplication table, they would have greeted such a noble sentiment as "nine times seven are sixty-three," with enthusiastic applause! Perhaps they did not appreciate the lofty beauty of the words and sentiments he uttered; but he was the President of the United States—he was Abraham Lincoln—Old Abe—Father Abraham—and that was enough to insure him a grand ovation from all, whether they heard his words or not. There were rousing cheers for the President, and then cheer after cheer for the governors of the various states.

"Not a train left Gettysburg that day until the President's special departure in the evening. It seems strange that the reports and stories of the exercises at Gettysburg do not refer to a deed of kindness and patriotism that was highly characteristic of Abraham Lincoln. That afternoon there was a service in the

Presbyterian Church, and Mr. Lincoln decided to attend, and invited Secretary Seward to accompany him.

Honors John Burns

"The President had heard of old John Burns of Gettysburg, a cobbler who, on the Sunday of the battle, went into the fight in his Sunday clothes—an ancient blue coat with brass buttons, and a top hat. He was not a man of few words, as the ballad by Bret Harte describes him, but quite the reverse. Indeed, he used to talk so 'big' that his neighbors were surprised at his courage when he proved it. He was wounded three times, but remained in the fight to the finish.

"Mr. Lincoln sent for John Burns, and the happy old cobbler marched proudly through the streets of Gettysburg to the Presbyterian Church, with the President of the United States on one arm, and the Secretary of State on the other. It was a kind and thoughtful act on the part of Lincoln, who meant to honor all the humble heroes in the person of old John Burns."

No one really appreciated the Gettysburg Address the day it was delivered. Mr. Lincoln disparaged it himself saying to a friend, "It won't scour, Lamon, it won't scour," meaning that, in spite of all the compliments he was receiving, the varnish, or veneer, would wear off in time. One of the first to understand its worth was the Secretary of War,

the man who was too busy to go to hear it delivered—obstinate, obstinate, and often insulting Stanton, Charles A. Dana, Assistant Secretary of War, related that when he went to the Secretary of War's room on the day after the Gettysburg celebration, Stanton asked:

Lauded by Stanton

"Have you seen these Gettysburg speeches? The people will be delighted with them. Edward Everett has made a speech that will make many columns in the newspapers, and Mr. Lincoln's perhaps fifty lines. Everett's is the speech of a scholar. It is elegant, and it is learned; but Lincoln's speech will be read by a thousand men where one reads Everett's and will be remembered as long as anybody's speeches are remembered who speaks the English language."

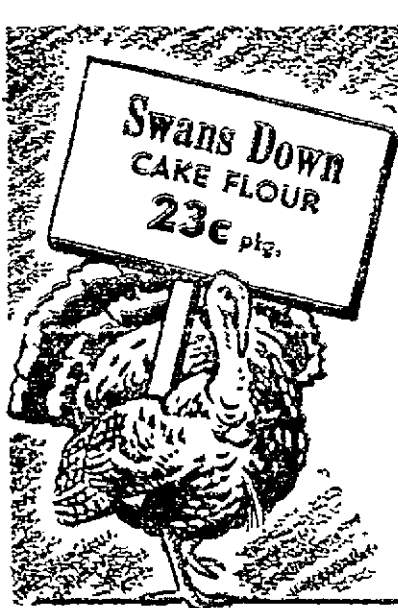

Mr. Lincoln was far from realizing the eternal pervasiveness of that "neat little speech" of his, although he had to write and rewrite it for lairs and other enterprises to raise money for the soldiers. Indeed, no one even now comprehends its "cosmic energy."

Lincoln Gave Rocking Chair To And Helped Revive Fainted Woman Nov. 19, '63

President Demonstrated His Humanness; Honored Burns; Attended Church Services

Today is the 79th anniversary of Lincoln's immortal Gettysburg Address delivered upon the occasion of the dedication of the Gettysburg National Cemetery. The anniversary this year holds more significance than ever before. The words spoken by Lincoln here more than three-quarters of a century ago, symbolize the objective of freedom-loving people . . . the cause they are fighting for around the world today.

The Gettysburg Times presents some additional sidelights of that memorable occasion, November 19, 1863. There is appended an article by Wayne Whipple and published in The Youth Companion November 19, 1914. It was made available to The Gettysburg Times by Mrs. Elsie Singmaster Lewars, noted authoress. The article follows:

There have been many disputes as to when Abraham Lincoln wrote his Gettysburg speech, but in 1894 Colonel Nicolay, one of President Lincoln's private secretaries, published facsimiles that proved, beyond doubt, that most of the little speech was written before the President left the White House.

A year later, Noah Brooks, a Washington newspaper correspondent and a friend of Lincoln, related an anecdote in corroboration. When he and the President, he said, were on their way to a photographer's on the Sunday before the Gettysburg Address was delivered, Mr. Lincoln showed him the printer's proofs of Edward Everett's oration, and laughingly quoted the familiar sentiment: "Solid men of Boston, make no long orations!"

Then he expressed his sincere appreciation of Mr. Everett's thoughtfulness in sending his address beforehand to him, in order that their minds might not by any chance run in the same channel at Gettysburg. "No danger of that," he concluded, with a shrug, "for my speech will be short, short, short!"

"Then you have written yours?" asked Mr. Brooks.

"Yes, it's written—but not finished."

On the train to Gettysburg, the President had no opportunity to write anything—the conversation, the greetings, and the questionings that ordinary courtesy required him to undergo, combined with the rocking and jolting of the train, rendered writing virtually impossible.

Accounts differ, also, as to the time of Edward Everett's arrival at Gettysburg. One account says that Mr. Everett had had the date of the exercises postponed nearly a month to suit his own convenience, he delayed the proceedings by not reaching the town until after the hour set for the speaking to begin.

But Dr. Henry E. Jacobs, dean of the Philadelphia Theological Seminary at Mount Airy, proves that this statement is unjust to Mr. Everett. Mr. Jacobs was a young man then, living in Gettysburg, where his father Michael Jacobs, was professor of mathematics in Pennsylvania College.

Lincoln's Train Late

"I saw Mr. Everett in the little station on Carlisle Street the evening before the exercises at the cemetery," says Doctor Jacobs. "He was waiting to welcome the President and his friends. I was about as much interested in Edward Everett, just then, as in Abraham Lincoln himself, for Everett had been a member of Congress, Governor of Massachusetts, minister to England, president of Harvard College, Secretary of State, Senator from Massachusetts, and candidate of the 'Constitutional Union' party in 1860 for Vice President of the United States; and he was recognized as the greatest orator of his day—in America, at least. The aristocratic features and beautiful wavy silver hair of Edward Everett, in striking contrast with the faces of the crowd waiting that evening to see the President's special train pull in, made a strong appeal to my youthful mind.

"The train came late. We all followed Abraham Lincoln to the house of Mr. David Wills—on the corner of 'the Diamond,' as the principal square was called. There was a band, of course, which serenaded the President, but the people were thoughtlessly impatient. They did not allow time enough for the President and his party to partake of supper.

Placates Admirers

"But, whether he had supped or not, the President's tall form soon appeared. I can see him now, as he came out and stood on the front steps, with his whimsical, good-natured smile, to comply with our demand for a speech—by not making one!

"I appear before you, fellow citi-

zens," he began, in high-pitched, resonant tones, 'merely to thank you for this compliment. The inference is a very fair one that you would hear from me for a little while, at least, were I to commence to make a speech. I do not appear before you for the purpose of doing so—and for several substantial reasons. The most substantial of these is that I have no speech to make! (Laughter.) In my position, it is somewhat important that I should not say any foolish things."

"A voice from the crowd: 'If you can help it!'"

"Mr. Lincoln turned quickly, and laughed at this sally, and went on, by way of reply: 'It very often happens that the only way to help it is to say nothing at all! (Laughter.) Believing that is my present condition this evening, I must beg you to excuse me from addressing you further."

"The assembled people were mightily pleased with this humorous substitute for a speech. He had said nothing, but he had said it well. They moved laughingly away, happy in seeing him and hearing his voice."

Bright, Clear Day

Thursday, November 19, 1863, dawned bright and clear, and became as warm as a day in Indian summer. The procession began to form. The President appeared, all in black, except for his white gloves, and with the tall hat, which added to the effect of his height. He had put the finishing touches on his speech, and carried the completed copy in his pocket.

The people, early and alert, crowded round, in order to shake hands with him; they quickly soiled his white gloves, but never ruffled his temper in the least. His horse happened to be on usually low-bodied creature, so that when Lincoln's great boots were not in the stirrups they nearly touched the ground. The inevitable wag in the crowd noticed it, and cried out:

"Say, Father Abraham, if she goes to run away with yer, you jest stand up on the ground and let 'er go!"

Many Delays

Although the newspapers reported that the procession started promptly, there were numerous delays, and it was about twelve o'clock before the exercises at the cemetery began. Among those who found a good place near the speakers' platform were a plainly dressed Pennsylvania Dutch farmer, Jacob, and his wife, Lydia, who had driven over from Ephrata the day before. They had come, bright and early, and taken their stand directly in front of the platform. The crowd increased during the forenoon, until it was estimated that there were about fifteen thousand people present. Of course there was a good deal of crowding and jostling, and Jacob and Lydia had all they could do to keep their places. With all the pushing and pulling, and the weary waiting in the warm sun, they agreed that they were more tired than if they had worked all day in a hayfield.

The coming of the procession and the seating of the dignitaries at last diverted their attention. Lydia watched the President as he took his seat in the rocking-chair that some one, knowing his preference, had provided for him. While Lydia stood watching the President, everything grew black before her eyes, and she began to have the horrible sensations known only to those who have felt themselves fainting in the midst of an immense crowd.

Helps Fainted Woman

"A woman has fainted!" she heard a voice out of chaos exclaimed. There was some confusion, and the crowd, instead of giving her more room, pressed in around her, and made it impossible for her husband, or anyone near, to lend her a helping hand. Above this crowding and confusion, she heard a high, clear voice call in tones of gentle command. "Here, hand that woman up to me! Let me get hold of her."

She felt the firm, strong hands seize her arms, and she was lifted up—it seemed to her—out of all her troubles. When Lydia regained consciousness, she found herself leaning back in that rocking chair on the platform, and felt ten thousand pairs of eyes riveted upon her, while she was being slowly fanned by the President of the United States! That was too much for the plain, shrinking woman from Ephrata.

"I feel—better—now, I—want to go back to my Yacobi!" she gasped, as she looked appealingly into Mr. Lincoln's kind, reassuring eyes. And she emphasized by a gesture her wish to retire from her conspicuous position.

"Oh, now, my dear madam," said Mr. Lincoln, "you're all right. Stay just where you are—right here beside me. It was all I could do to pull you up out of that crowd, and

I'm sure I couldn't put you back again!"

Crowd Is Restless

And Lydia, seeming to forget all about the ten thousand pairs of eyes gazing at her, sat contentedly there, "high and lifted up," looking down now and then at her poor, tired husband, while the periods of Edward Everett's two-hour oration rose and fell in measured cadences over the heads of the multitude, which no longer noticed the little woman on the stage.

The crowd soon began to grow restless. Some of the men began to work their way out. Young Henry Jacobs, the admirer of Edward Everett, improved this opportunity to edge up closer to the platform.

"I doubt if one-third of those present," said Doctor Jacobs, fifty years afterward, "could hear Mr. Everett distinctly only after I had made my way to the front. I thought he spoke almost too easily—making it quite evident that he had committed his oration to memory. There were three introductions to this address, and several 'false alarms' before its close; but Mr. Lincoln, who had read the proof, knew when the end was approaching, for he began to reach for his own speech when he heard Mr. Everett pronounce, in round tones:

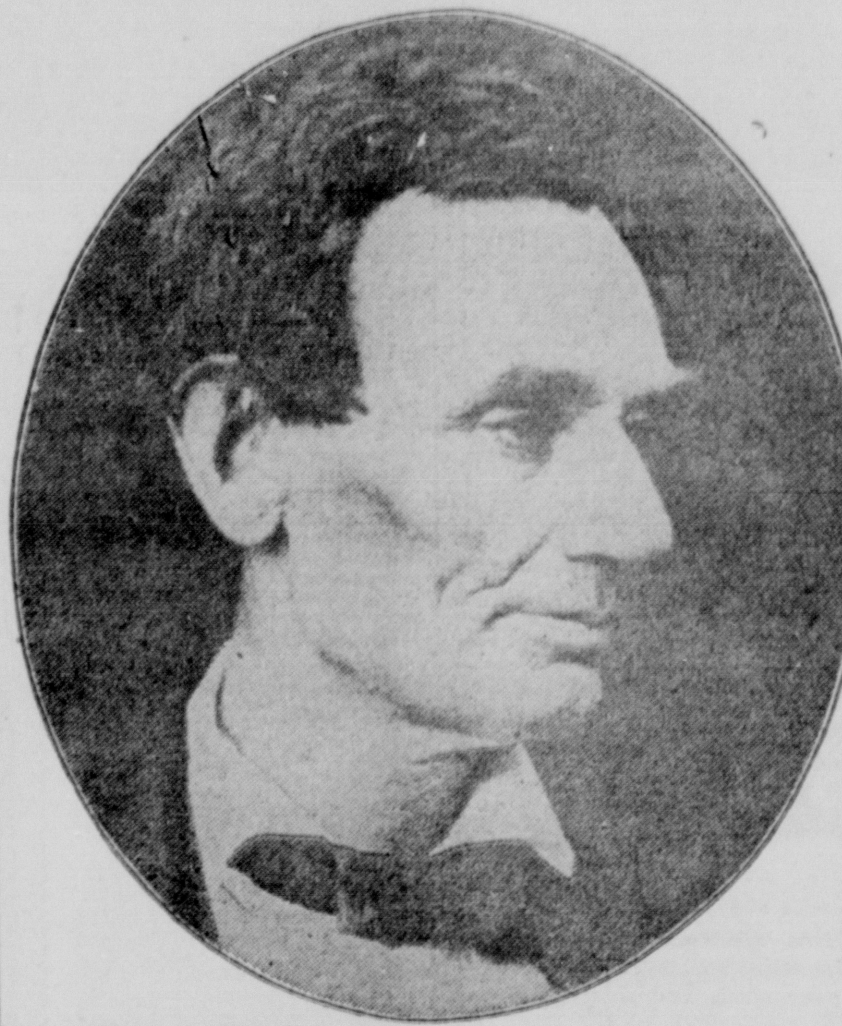

Studies Speech

"And now, friends, fellow citizens of Gettysburg and Pennsylvania, and you from remoter states, let me again, as we part, invoke your benediction on these honored graves."

"While Mr. Everett went on with the closing words of his oration, Mr. Lincoln took from his pocket a crumpled leaf or two, slowly put his spectacles down near the end of his nose, and began to study the paper intently, with the air of a boy who hasn't quite learned his lesson and is about to be called upon to recite. Having run through his own brief address, he again regarded Mr. Everett with profound attention over the rims of his glasses, as he mechanically stuffed his crumpled manuscript back into a capacious inside-pocket, where it seemed to be forgotten, while the distinguished orator concluded.

"Of course there was 'prolonged applause' after such a prolonged oration. Then a hymn, composed by Mr. B. B. French of Gettysburg, was sung. It was a creditable poem. While we were singing the five stanzas of this dirge, the President's anxiety about his speech was again manifest, and he stood conning his

The Martyred Lincoln

manuscript with furtive glances over his glasses, which were still perched on the tip of his nose. When the time for his address came, he stepped forth, proudly erect except for the slight stoop of the shoulders, as if he had felt all the weight of the solemn responsibility of the occasion resting upon them. He paused, and that greeted him.

Voice Is Strained

"At first his voice sounded a little strained and high-pitched, as if he were trying to throw his words to the outer edge of the crowd. He held in his right hand the manuscript that he had brought from the White House, and the single page of bluish paper on which he had pencilled his closing words at Mr. Wills'. Toward the end of his address I noticed that he held the pages straight down in front of him, tightly grasped at each side,

as if they were a slate. He seemed unconsciously to be trying to straighten out the wrinkles. He glanced at them perfunctorily; I do not think he really saw the words written on them. When he came to the clauses, 'that government of the people, by the people, and for the people,' he emphasized the words 'of,' 'by,' and 'for' with a stiff yet sweeping bend of his body, holding the manuscript rigidly in both hands, with his arms straight down before him, and bowing to the right, to the left, and to the front, as he pronounced the three prepositions. Then he drew himself up to his immense height, and stood grandly erect, with arms outstretched, as he impressively uttered the final words, 'shall not—perish—from—the earth.'

Surprised at Brevity

"The people applauded this, of course—they had already interrupted him several times during his two-

minute address; but they were surprised to see the President take his seat so soon. They did not realize that his part was only to consecrate the ground as a national cemetery. Many of those who had gone away during Mr. Everett's oration were returning to hear, if possible, what the President had to say. It is absurd to say that there were no signs of approval during Lincoln's address, or after it, that day. If Abraham Lincoln had stood up and repeated the multiplication table, they would have greeted such a noble sentiment as 'nine times seven are sixty-three,' with enthusiastic applause! Perhaps they did not appreciate the lofty beauty of the words and sentiments he uttered; but he was the President of the United States,—he was Abraham Lincoln,—and that was enough to insure him a grand ovation from all, whether they heard his words or not. There were rousing cheers for the President, and then cheer after cheer for the governors of the various states.

"Not a train left Gettysburg that day until the President's special departed in the evening. It seems strange that the reports and stories of the exercises at Gettysburg do not refer to a deed of kindness and patriotism that was highly characteristic of Abraham Lincoln. That afternoon there was a service in the

Presbyterian Church, and Mr. Lincoln decided to attend, and invited Secretary Seward to accompany him.

Honors John Burns

"The President had heard of old John Burns of Gettysburg, a cobbler who, on the Sunday of the battle, went into the fight in his Sunday clothes—an ancient blue coat with brass buttons, and a big white hat. He was not a man of few words, as the ballad by Bret Harte describes him, but quite the reverse. Indeed, he used to talk so 'big' that his neighbors were surprised at his courage when he proved it. He was wounded three times, but remained in the fight to the finish.

"Mr. Lincoln sent for John Burns, and the happy old cobbler marched proudly through the streets of Gettysburg to the Presbyterian Church, with the President of the United States on one arm, and the Secretary of State on the other. It was a kind and thoughtful act on the part of Lincoln, who meant to honor all the humble heroes in the person of old John Burns."

No one really appreciated the Gettysburg Address the day it was delivered. Mr. Lincoln disparaged it himself, saying to a friend, "It won't scour, Lamon, it won't scour," meaning that, in spite of all the compliments he was receiving, the vernal, or venerate, would wear off in time.

One of the first to understand its worth was the Secretary of War,

the man who was too busy to go to hear it delivered—obstinate, obstinate, and often insulting Stanton, Charles A. Dana, Assistant Secretary of War, related that when he went to the Secretary of War's room on the day after the Gettysburg celebration, Stanton asked:

Lauded by Stanton

"Have you seen these Gettysburg speeches? The people will be delighted with them. Edward Everett has made a speech that will make many columns in the newspapers, and Mr. Lincoln's is perhaps fifty lines. Everett's is the speech of a scholar. It is elegant, and it is learned; but Lincoln's speech will be read by a thousand men where one reads Everett's and will be remembered as long as anybody's speeches are remembered who speaks the English language."

Mr. Lincoln was far from realizing the eternal pervasiveness of that "meat little speech" of his, although he had to write and rewrite it for fairs and other enterprises to raise money for the soldiers. Indeed, no one even now comprehends its "cosmic energy."

RADIO PROGRAMS

New York, Nov. 19 (AP)—The Blue network has announced an eight-hour program spread over a 12-hour period for Christmas Day, while CBS will have two two-hour productions, one Thanksgiving and the other on Christmas.

The Blue show, probably the most ambitious ever attempted, at least from the standpoint of length of time on the air, actually will be an augmentation of the spotlight band series which runs six nights a week.

The presentation will start at noon and continue intermittently until midnight. The entertainment is to be supplied by 40 or so bands playing from service camps.

The Thanksgiving and Christmas two-hour shows on CBS will be heard in the afternoons as directed to fighting men. Among the features is to be Elsie Janis, "Sweetheart of the first AEF."

THE WAR TODAY

By DEWITT MACKENZIE

Cairo, Nov. 19—Major offensives like the Allied drives to destroy the Axis in North Africa draw their striking power from many sources and present operations are getting great strength from a strategic development which has been achieved so quietly that many of its features still remain secret.

Since this is likely to play an increasingly important part in the Mediterranean campaign, it is necessary that we know something of it.

So if you'll dig out your maps of Africa I will show you what I mean.

Now, if you will flip a dime towards the heart of the dark continent it will fall close to a big panel known as French Equatorial Africa.

That is the fighting French territory, which has Chad on the north and reaches southward to include Ubangi-Shari, the French Cameroons, the Middle Congo and Gabon. Brazzaville, 'way down on the Lower Congo, is the capital of this huge area which pokes its hot nose close to the Equator and likes it.

Significant Location

French General Mangin once remarked that he who holds Chad, holds Africa. A map will help you get the significance of this statement in part, but you've got to see the recent works of man in this still largely primitive vastness to understand it in full.

I've just made my way across this zone by the sweat of my brow and have discovered what Mangin meant.

First off, you will note on your maps that if French Equatorial Africa had been controlled by Vichy, as was adjoining French West Africa, there would have been a huge barrier dividing Allied territory right through the whole area

almost from the Equator to the Mediterranean. That in itself would have created a grave handicap and prevented the strategic development which I shall describe.

Chad, which lies against Italian Libya, is the military key to this part of Africa.

Joined Fighting French

Fighting French leaders foresaw Hitler's plan to use North Africa to gain domination of the Mediterranean and, right after the fall of France, moved to secure control of Chad.

This key position was under the powerful governorship of General Eboue, a huge negro who was one of the most capable administrators in the empire. He elected to stand with the fighting French and as a result all French Equatorial Africa joined the Allies.

This was done before any effort was made to raise a fighting French Army for this region, which lies at the rear of the Axis battlefield. Since then an Army and military resources have been developed and we shall hear much more of them before this conflict is finished.

French Equatorial Africa now provides a span for an Allied bridge right across Africa.

During the past two years the fighting French and the other Allies have joined hands in pioneering an almost incredible chain of developments from the Atlantic coast, clear across Africa to the Middle East.

Communications Established

The Allies have performed the historic feat of a complete line of air and water communication through the heart of this no-man's land.

Thus, day and night, there stream across Africa supplies and personnel needed on Allied fronts from North Africa clear to far-off China. Here we follow one of the difficult but straight and narrow paths to victory.

That's not the whole story, however. There have been great industrial developments both in fighting French territory and in other Allied countries.

Ancient and broken-down caravan routes have been modernized and become throbbing centers of Allied efficiency. Places like Brazzaville, which were just collections of native huts, have been set on the road to progress and become international cities in which French, Americans, British, Belgians, Poles and what-not brush shoulders in the public square.

Providing Supplies

Along with manufacturing, there has been a notable increase in cattle raising and agriculture. In short, this vast belt is a mill which is grinding grain for the Allies and laying up stores for future demands.

Naturally, all this spells enlightenment and progress, not only commercial but social, for this hitherto largely undeveloped part of the world. Believe me, civilization has pulled on its seven-league boots to make this crossing of jungles and deserts.

They say it's an ill wind that blows nobody good, and on that basis it's true that the Hitlerian horror, which has brought tragedy to most of mankind, is lifting the black head of primitive Africa.

Already advancement has been achieved which might otherwise have required a generation. Not all the story can be told now, but I hope to report something further in a subsequent article.

There are more than a hundred commercial airplane landing fields in Alaska.

The U.S. Attorney's office, which had instituted denaturalization proceedings against him, made the allegation after Hugg asked for a bill of particulars. The office said he had direct connections with Germany and in 1937 maintained a short-wave radio set in his back yard.

Shown a picture of a group of Navy recruits, he remarked to a friend, "they'll be sunk before they get there," the bill said.

WILL MAINTAIN ROADS CARRYING WAR MATERIALS

Harrisburg, Nov. 19 (AP)—Roads carrying war traffic will get priority under winter maintenance plans completed today by the Pennsylvania Highway department.

Deputy Secretary C. H. Buckius said loss of hundreds of trained equipment operators to the armed forces and defense plants would "put a big strain on the department but we stand ready as always to do our best."

"It's going to mean utilization of what we have to the best advantage," he said. "Our men are going to work whatever hours are necessary to put this thing across."

Buckius said approximately \$4,000,000 had been earmarked for winter work along the 42,500-mile highway system, larger than any other state's. In addition, more than 13,000,000 feet of snow fences have been erected to stop drifts.

Snow Removal

Immediate attention is planned for 19,522 miles of primary routes when snow falls while the balance of the highway system will be cleared as rapidly as possible, Buckius reported. The department last year spent \$3,706,000 for snow removal on 19,522 miles of highway.

Preliminary figures show more than 830 miles of road have been improved during the 1942 construction season despite priority handicaps. Approximately 20,000,000 gallons of bituminous materials were applied on macadam roads but the year's total is not expected to reach the 1941 figure of 32,000,000.

"We're keeping up the highways so far," declared Secretary I. Lamont Hughes. "The main ones are standing up pretty well despite the fact they are carrying a lot of weight. In the back districts where coal is hauled, the trucks are tearing up roads."

The department is collecting steel "wherever we find it" to replace more than 200 bridges lost in last summer's flash floods. Several railroad bridges have been dismantled for materials but Chief Engineer O. T. Frame says "we still have a lot of bridges not taken care of due to lack of steel." Many temporary wooden structures were erected and Hughes commented "we might have trouble with them again in the spring when the floods come."

MAKE YOUR MEAT GO FARTHER WITH PILLSBURY'S BARBECUE FRANKS

... happy eating for 6 to 8 at about 21¢ apiece!

TEMPERATURE: 400° F. TIME: about 40 minutes

- 1½ cups chopped onion
- 1½ cups chopped celery
- 3 tablespoons chopped green pepper
- 3 tablespoons fat or shortening
- 4 tablespoons Pillsbury's Best Enriched Flour
- 2½ teaspoons salt
- 1½ teaspoon pepper
- 1½ teaspoon chili powder
- 2 tablespoons fat or shortening
- 3½ cups (No. 2½ can) tomatoes
- 6 tablespoons catsup
- 1 cup canned or cooked lima beans, well drained

(Pillsbury's Best adds two essential B-vitamins and iron to the appetizing barbecued frank's family love. This enrichment in no way changes its creamy-white color, its mellow whey flavor... or its dependable baking qualities.)

1. Pan-fry onion, celery, and green pepper in fat; remove from heat. Drain.
2. Combine flour and seasonings with remaining 2½ cups fat to make smooth paste. Add tomatoes gradually to flour mixture, and cook until thick.
3. Add lima beans, well drained.
4. Stir frank's, catsup, and chili powder into mixture. Simmer 10 minutes.
5. Roll each frank's in a biscuit dough square; seal edge. Cut each frank's in half crosswise. Place cut side up over hot mixture. Bake in hot oven until biscuits are done. 6. Serve hot with remaining hot tomato mixture.

Good! They'll love every morsel of this thrifty busy-day dinner! And they'll get something extra from it, too—because Pillsbury's Best is enriched with two essential B-vitamins and iron. Bake it tonight—and you'll depend on Pillsbury's Best for all your baking from now on.

Now for that heavenly Pillsbury biscuit—

- 2 cups sifted PILLSBURY'S BEST Enriched Flour
- 3 teaspoon baking powder (or 2 teaspoon double-acting)
- 1½ teaspoon salt
- 1½ cup shortening
- 1½ cup milk (about)
- 6 (¾ lb.) parbaked frankfurters

Imagine savory meat and vegetable flavors blending with those exquisitely tender, flaky biscuits! And remember, no matter what you want to bake, be it biscuits, loaves, or delicious cakes, cookies, pies, or the finest home-made breads you ever baked, Pillsbury's Best is exactly the flour you need. For Pillsbury's Best is a truly all-purpose flour. It's truly dependable, too, for it's BAKE-PROVED by actual bakings tests 4 to 6 times daily during milling. Satisfaction guaranteed or your money back.

1. Sift flour once, measure; add baking powder and salt; stir again. 2. Cut in shortening, until mixture resembles coarse meal. Add milk all at once, mix only until flour is dampened. 3. Knead a few seconds on lightly floured board to smooth surface. Roll out dough into 12x8-inch rectangle; cut into six.

Good! They'll love every morsel of this thrifty busy-day dinner! And they'll get something extra from it, too—because Pillsbury's Best is enriched with two essential B-vitamins and iron. Bake it tonight—and you'll depend on Pillsbury's Best for all your baking from now on.

Accuse Defendant Of German Contacts

Philadelphia, Nov. 19 (AP)—The government charged today that Karl Oscar Hugg, German-born precision instrument maker, spoke of the sinking of the seaplane tender U.S.S. Langley 10 days before its loss, officially was announced.

The U.S. Attorney's office, which had instituted denaturalization proceedings against him, made the allegation after Hugg asked for a bill of particulars. The office said he had direct connections with Germany and in 1937 maintained a short-wave radio set in his back yard.

Shown a picture of a group of Navy recruits, he remarked to a friend, "they'll be sunk before they get there," the bill said.

Hugg came to this country 17 years ago. He was naturalized in 1926.

FDR'S REQUEST FOR NEW POWER FACES BATTLE

BY ALEX H. SINGLETON

Washington, Nov. 19 (AP)—President Roosevelt's request for broad wartime power to suspend tariff and immigration regulations developed today into a potential major battle for the dying days of the 77th Congress and the administration's first test of strength since the November 3 elections.

A determined Republican drive to block consideration of the measure this year gathered headway as the House Ways and Means committee called several top-ranking government officials to discuss the need for such legislation.

Among those asked to appear before the committee's executive session were War Production Chief Donald Nelson, Attorney General

Francis Biddle, Undersecretary of War Robert P. Patterson, Assistant Secretary of the Navy James V. Forrestal, Rear Admiral Emory S. Land, chairman of the War Shipping Administration, and Milo Perkins, chairman of the Board of Economic Warfare.

Provisions

The bill, designed "to facilitate, to the extent required for the effective prosecution of the war, the free movement of persons, property and information into and out of the United States," was introduced by Chairman Doughton (D-NC) at the President's request.

Specifically, it would give the Chief Executive the authority to suspend "in whole or in part, x x x those laws or regulations" which in his opinion interfere with the war effort by imposing tariffs and taxes on imports and exports, and those regulating the entrance and departure of individuals.

Opponents raised a protest that the measure would go much further, that it constituted a step toward totalitarianism, that it would break down the tariff and immigration laws.

"The time is too short between now and the end of this session to give this measure the consideration it deserves," declared Rep. Knutson (R-Minn.), a member of the committee.

Promises Fight

"The President," he contended, "has all the powers he needs to prosecute the war. I will fight any attempt that is made to get the committee to report it out this year."

From Rep. Woodruff (R-Mich.), another committee member, came the assertion that the bill would open the way to an "influx from other lands that this country couldn't possibly absorb."

"I am not yet ready," he said "to make the President a virtual dictator."

FADDIS RESIGNS

Harrisburg, Nov. 19 (AP)—Congressman Charles I. Faddis of the 25th district sent his resignation to Governor James, effective December 4, to enable him to enter military service. Faddis, a Democrat who represented Greene and Washington counties, was defeated in the primaries. His term would have expired in January.

Ex-Convict Named In Jewel Robbery

Philadelphia, Nov. 19 (AP)—Indicted on charges growing out of an \$80,000 jewel robbery, John McMahon, 39, was held without bail today for extradition to New York city.

Detective Harold Hill said McMahon served a term in Lewisburg, Pa., Federal penitentiary on previous charges, then "went straight" for a year until the robbery of Mrs. Irene Hubbell Stoddard, New York and Newport society matron, in 1940.

A glimpse of a \$2,000 sapphire ring on her finger led him to engineer the crime, Hill charged, in conjunction with a former fellow convict, Louis Vasselli. Hill said McMahon saw Mrs. Stoddard on a New York street and later he and Vasselli staged a holdup in her apartment.

Mrs. Stoddard saved the ring, Hill said, by concealing it in her mouth. McMahon's counsel said he would fight extradition.

The Soviets have perfected a new drug to take the place of quinine.
